Real college classes, taught by real college professors

The classes listed inside have been pre-approved by the professors who teach them for campus visitors to observe. Unless otherwise noted with *, you do not need to contact the professor or department in advance. While observing a class, please remember to be quiet and courteous.

Advanced Notification/Approval*

Some professors require advance notice/approval before you visit their classroom. If you see a * notation next to one of the classes you would like to observe indicating that advance notice/approval is required, just ask the Office of Admissions to verify class availability for you.

Classroom Check-In

Whenever possible introduce yourself to the professor and always stay for the duration of the class. If you arrive to the classroom and there is a test, just excuse yourself—you are not expected to stay.

Visiting a college class will allow you the opportunity to see students and faculty “in action”. If you have an opportunity to sit in on more than one class, select courses in different areas of study. Have fun and enjoy your visit!
