RFP Coming Soon!

The AI/AN CTR Program is a joint partnership funded in cooperation with NIH to address health disparities in native communities in Alaska and Montana.

Registration is due by February 20, 2019!

Applications due as early as March 20, 2019.

Successful research starts with a strong, established relationship with the community. Start building your relationship early, and begin working with the Community Engagement and Outreach Core now! Serious applicants, register and connect with core members for a competitive application.
