Proposal

Background: Concisely describe the background of the request.

This request is for the machines and supplies necessary to provide free hygiene products in all of the bathrooms in the SUB. This is a growing trend across universities to provide this service to students. Faculty, students, and staff often find themselves in need of these products during the day and night, but may be unable to go home to get them or purchase them themselves. I have spoken with Auxiliary Services and Butch the director of the SUB and they have agreed to stock and maintain these machines if ASMSU supplies the supplies.

Request: Outline and justify the item(s) to be purchased or the amount of funding needed.

I am requesting for 12 hygiene product vending machines to install in all female/family bathrooms and 3 male bathrooms in the SUB. I am also requesting for 1000 pads and 1500 tampons to stock the machines for the first year.

Impact and Implementation: Please detail the impact to the program(s) or student constituencies the request will benefit, lifetime of item(s) to be purchased, as well as who is responsible for overseeing the use of the funds, if approved.

By providing these supplies to our faculty, students, and staff, at no cost, we will be showing our care towards their wellbeing. It is important to have the vending machines in male and female bathrooms in order to be inclusive and aware of all individuals' comfortability. We are requesting that all bathrooms gendered or not have these machines because individuals who are comfortable entering any bathroom available to them may need these products.
