

"The Origin and Evolution of Life and Life Elsewhere in the Universe" is panel discussion comparing the viewpoints of Astrobiologists from different academic, cultural and philosophical perspectives, with time for audience questions. Panelists are University of Montana Professor Michael Ceballos, Curator of Astrobiology at the Denver Museum of Nature and Science David Grinspoon, and MSU Philosopher Professor Sara Waller. This event is free and open to the public, and will take place Tuesday, June 7 at 7pm at the Museum of the Rockies Hager Auditorium, Bozeman, MT with refreshments to follow. Sponsored by the Astrobiology Graduate Conference and the NASA Astrobiology Institute (<http://www.abgradcon.org>).
