The Business Certificate is for non-business majors who want an overview of business concepts in order to enhance their future career success, but do not want to pursue a full 30-credit business minor. The goal of the certificate is to enable non-business students to learn how to apply fundamental concepts in economics, accounting, finance, management, and marketing to solve basic business problems.

The Business Certificate is available to degree seeking MSU students; it is not available to business majors or to students pursuing a business administration minor.

The Business Certificate consists of a total of 18 credits (five required courses and one elective) that introduce students to basic concepts in economics, business, accounting, finance, management, and marketing, plus an assessment test.
