

How would you like for your resume to be placed on top of the pile of other applicants?

I am an Executive Recruiter that has developed solid relationships with many engineering, architectural, and construction companies. Finding a good career can be a full time job. Let me do that part for you. All you need to do is submit your resume to me and together we can confidentially look for the best company/position for you!

The majority of positions I work on are full time, permanent positions from day one. It is basically the same thing as submitting your resume directly to the company. The only difference is that you will 100% guaranteed receive a response back about your resume as to why or why not you got an interview from the submittal.

Express Personnel Services has been locally owned in Billings, Montana for over 15 years. We are a Franchise company, which allows us to be flexible for our clients. Jennifer Sanchez, Professional Recruiting Division Manager, has over 6 years experience in recruiting for professional/technical industries.

Our range of services and industries served is broad-based. We provide services on a national basis (mostly the Northwestern US) at all levels including, but not limited to:

Mechanical/Electrical Engineers, Civil Engineers/Designers, Architects/Planners, Construction Project Managers/Estimators, Land Surveyors, Drafters.

Please call us today. We welcome the opportunity to put our expertise to work for you – and we look forward to developing a relationship built on the highest of professionalism.

All contact is confidential. Call today to find out if you could make a step up in your career!

Thank you for your time.

Jennifer Sanchez
