

Cell Biology and Neuroscience Seminar Series

Friday, October 24th

3 pm, 108 Plant BioSciences Building

Dr. Edward Dratz
Professor

Department of Chemistry and Biochemistry
Montana State University

Food and Nutrition Issues that Oppose Health and Brain Function

Upcoming Seminars:

Friday, October 31

Frances Lefcort, Montana State University, Department of Cell Biology and Neuroscience

Friday, November 7

Deborah Levy, Department of Psychiatry, Harvard Medical School

Friday, November 21

Christa Merzdorf, Montana State University, Department of Cell Biology and Neuroscience

All are welcome. Refreshments will be served.
