IV. Topics for Discussion:

A. ACE Internationalization Laboratory
The ACE Internationalization Laboratory provides an opportunity to develop and implement an internationalization plan for the University that links with MSU’s strategic plan. The International Laboratory will make a comprehensive evaluation of all international programs over the course of 18-24 months. ACE is starting a new cohort in fall 2011 and MSU has been invited to participate. The President’s Executive Council recommends support of this opportunity. The cost is $40,000, payable over two years. The Office of International Programs has pledged $5,000/year in support of this project. Following discussion, there was consensus to move forward with participation in the ACE Internationalization Laboratory.

B. Unfunded Programs: Assessment Process
Budget Council is developing a process for allocation of funds to new and unfunded programs. Decisions will be made in conjunction with the strategic priorities of the institution. The Provost will present academic proposals to Budget Council. Before going forward to Budget Council, proposals will be presented and discussed at Deans’ Council. Discussion followed regarding appropriate criteria to use in evaluating proposals. Dean Larry Baker will chair a
sub-group to develop metrics for evaluation. Others participating in the sub-group includes: Paula Lutz, Terry Leist, Robert Marley, Carl Fox and Marvin Lansverk. Other issues of concern were the age of unfunded programs to be considered, how to handle contracting programs and how to eliminate programs.

C. Meeting structure for Deans/Associate Provosts
The academic Deans will meet on the fourth Monday of the month at 4:00 pm.
