

EIND 101

Introduction to Industrial Engineering

Fall 2012

Class: Tuesdays, 10:00-10:50 a.m., 312 Roberts Hall (1 credit)

Instructor: Durward Sobek, 318 Roberts Hall, 994-7140
dsobek@ie.montana.edu

Office Hours: TRF 3:00 - 4:00 p.m., or by appointment

Course Website: www.coe.montana.edu/ime101

Text: *none!*

Objectives:

- Introduce the field and profession of Industrial Engineering.
- Create excitement about the opportunities available to IE's.
- Learn some useful tools and principles for improving productivity of organizational processes.

Grading: 80% weekly homework assignments
20% participation (attendance + contribution to in-class exercises)

Policies:

- Montana State University expects all students to conduct themselves as honest, responsible and law-abiding members of the academic community, and to respect the rights of others. All students should be familiar with the Student Conduct Guidelines, located at:
http://www2.montana.edu/policy/student_conduct/student_conduct_code.htm
- Homework is due at the start of class on the assigned due date. I do not accept late homework. Exceptions may be granted for extenuating circumstances at my discretion.
- I expect each student to make full effort to attend every class. If you miss class, you are still responsible to get homework in on time and for learning the material covered in class that day. If you know you will miss class, try to see me beforehand.
- Chronic tardiness is unprofessional and unacceptable, and may result in you being asked to leave class. The same holds for disruptive or disrespectful behavior.
- Lying, cheating, plagiarism, and any other form of dishonesty is unethical, and will not be tolerated.
- Work hard, give your best, and have fun!
