Lab 2 (Mastercam Tutorials): In this lab you will produce toolpaths for the parts you have designed in lab 1. You must have all toolpaths verified by GTA or Lab Coordinator by Wednesday 02/06. Grading: Chapters 8 to 12: each 2 pt for total of 10 pts; Chapter 14 or 15 (select one) up to 5 points based on the verification of your tutorial models. No lab report. No journal. No report.

Total Points: 15 pts

Objectives:
At the end of this lab the student should be able to:

- Develop toolpaths in MasterCam software.
- Verify toolpaths in MasterCam software.
