MONTANA NATURAL HISTORY WORKSHOP

August 3-13, 2020

Learn about Montana’s natural history through an intensive 2-week workshop hosted by the University of Montana’s Philip L. Wright Zoological Museum, the Montana Natural History Center, and the National Science Foundation.

FEATURED
- Field trips focusing on Montana flora, fauna, geology, and ecology
- Hands-on training in natural history museum specimen preparation & curation
- Montana Master Naturalist Certification (optional 2 UM credits for $155)

Open to all students interested in learning about Montana’s natural history—all majors, backgrounds, and perspectives welcome!

Accepted applicants will receive FREE programming, materials, housing, and meals

Priority application date: April 10, 2020
