JOB VACANCY ANNOUNCEMENT

Wildlife Management Specialist

**Work Location: Iowa DNR Iowa River Wildlife Unit (Tama County)
2805 Hwy E66, Chelsea, IA 52215**

Application deadline: December 27, 2018

Salary: \$12.86-\$13.05 per hour

Hours: 8:00 a.m. – 4:30 p.m. – 40 hours per week

Tentative Start Date: January 22, 2019

End Date: This is a one-year position

**The position may be extended for an additional year pending funding and job performance.
If the position is extended the candidate may be reassigned to another wildlife unit in Iowa.**

JOB DESCRIPTION: The PF Wildlife Management Specialist is expected to perform a variety of semi-skilled maintenance and technical tasks at a wildlife management unit. The employee is expected to display a high level of initiative and commitment towards completing assignments efficiently. Employees in this position will work with other wildlife unit personnel and be under the general direction of the Wildlife Biologist. The job duties of this position include general wildlife management activities on State owned wildlife areas within the assigned unit counties. Overnight travel will occasionally be required on special projects outside of the assigned unit counties, especially during the fall months.

Examples of typical job duties may include:

- Perform general wildlife management activities including: Wetland management, prairie management, native prairie seeding, food plot development, edge feathering, tree/brush removal, spraying, disking, mowing, etc. using large farm machinery, chainsaws, and other hand tools.
- Prescribed fire implementation for ecological purposes. This duty will require fire-line construction, fire-line holding, and mop-up activities. Performance of these tasks will require the employee to periodically work under physically stressful and adverse conditions. Proficiency in the use of basic wildland firefighting equipment will be needed.
- Wildlife Surveys & Monitoring including: Waterfowl banding, deer spotlight routes, august roadside surveys, spring bird point counts, fall quail covey counts, chronic wasting disease sampling, etc. Collecting of biological data occasionally will require early or late in the day work scheduling
- General area maintenance involving mowing, sign posting, fence building, fence removal, tree/brush control, noxious weed control etc. These activities require the ability to use simple power equipment; drills, saws, hand tools, chain saws, trimmers, small mowers etc.
- Special assignments may require some overnight travel as part of a crew, to accomplish large scale fence removal, fence building or tree removal projects outside of the assigned unit counties. These assignments will require the ability to work well with others, work out of doors under all types of weather conditions, and to withstand physically demanding work, i.e., lifting, bending and hauling.

MINIMUM QUALIFICATIONS:

- College graduate with a degree in wildlife biology, animal ecology, or another closely related natural resource field.
- Ability to work outdoors in all weather conditions.
- Able to travel on overnight duties.
- Work with minimal supervision; demonstrate responsible behavior and attention to detail.
- Must have a valid motor vehicle operator's license.

- Able to work alone or as part of a team, with the public, in all conditions, on weekends, holidays, nights, and evenings as required.
- Follow policy and cooperate with supervisors and co-workers.
- Exhibits honesty and integrity.
- Displays a high level of initiative, effort and commitment towards completing assignments efficiently.

SPECIAL REQUIREMENTS: Must possess or be able to acquire a commercial driver's license, pesticide applicator's license, S130-190 basic firefighter training certification, Iowa DNR chainsaw safety certification, and first aid & blood born pathogen training. Special requirements shall be met within 90 days of hire if not currently possessed. Living quarters are provided.
