

# RISK MANAGEMENT | AGRICULTURAL ECONOMICS GRADUATE RESEARCH FELLOWSHIP

The Center for Risk Management Education and Research (CRMER) jointly with The Department of Agricultural Economics at Kansas State University announce lucrative MS graduate fellowships in agricultural risk management.

## AREA OF STUDY

Integrated Risk Management

## THE CRMER GRADUATE RESEARCH FELLOWSHIP INCLUDES:

- A competitive stipend plus all tuition and fees waived
- Working jointly with CRMER and Agricultural Economics faculty members in conducting risk management research in areas that may include financial, market, enterprise risk management, or related fields
- Being admitted as a Student Fellow in the CRMER
- Completing a risk management internship
- Completing 30 credit hours of agricultural economics, analytics, and risk management related graduate curriculum including an MS thesis

## WHO SHOULD APPLY:

- Dedicated students who want to develop advanced risk management skills and knowledge in high demand in industry
- Students planning to enter industry after completing their MS degree
- Open only to students who are US citizens upon applying

## TO APPLY:

- Interested applicants simply indicate in your letter of application to the graduate program in Agricultural Economics your interest in being considered by the Graduate Risk Management Fellowship
