Graduate Research Assistantship for Montana Teachers of English Language Learners (MontTELLs)—
(Data Collection and Analysis Emphasis)

Required qualifications:

- CLASS-secondary certification
- Completed EDU 602 Educational Statistics II
- Experience as an ESL/ELL teacher
- Currently enrolled as either a PhD or EdD student in good standing

Preferred qualifications:

- SIOP certification or experience using SIOP methods
- Experience as an instructional coach
- Experience working with teachers in American Indian communities.

Duties and Responsibilities

- Collect and record CLASS and SIOP classroom observational data
- Serve as an instructional coach as required
- Assist in developing Tribal IRB requests for the MontTELLs project
- Update database on MontTELLs participations and analyze MontTELLs data
- Participate in discussing potential lines of inquiry for MontTELLs and ILEAD project dissemination

Expectations:

- The GRA will work on average 19 hours per week from August 1 – December 31 and January 1 –
  May 31. Summer employment may be possible but is not guaranteed. Incumbent will be
  required to travel to various schools participating in the MontTELLs project located throughout
  the state of Montana.

Compensation:

- Department of Education Graduate Assistants earn $1230 per month for 10 pay periods and
  receive six credits of tuition waiver per semester.

Supervisor: Dr. Bill Ruff, Professor of Educational Leadership
