Department of Education Student Travel Scholarships – 2018-2019

Information: The Department of Education will provide scholarships during 2018-2019 for undergraduate and graduate students who are presenting at professional meetings and conferences. Funds have been earmarked each semester for this initiative. Each student may receive up to $400 permitting fund availability. Students may be at any education level and must be currently enrolled at MSU in a Department of Education degree program. Students are eligible to apply for one scholarship per academic year.

The process: Students complete the information below and submit to Dr. Ann Ewbank (ann.ewbank@montana.edu). Once the student receives a go-ahead from Ann, they will work with Lynn Marlow (lmarlow@montana.edu) to access the funds.

The payback: Students will present their work for EHHD and the MSU Community at a Research Symposium/Poster Session to be held in April 2019.

Name: ____________________________  Date: ________________

Email address: ______________________  Phone number: __________

Advisor and Department: ____________________________________________

Name of conference/meeting: __________________________________________

Location and date of conference/meeting: ________________________________

Title of presentation: ________________________________________________

Rough budget for how you will use the $400: ___________________________

____________________________________________________________________

Abstract that was accepted for presentation along with conference communication of acceptance.

Matching Funds Opportunities

You are encouraged to maximize your travel funding through matching funds opportunities:
