Annual Assessment Report  
Academic Year: 2016-17  
Department: Education  
Program(s): Adult and Higher Education, College Teaching Certificate  
NWCCU Accreditation Narrative for Adult & Higher Education (College Teaching Certificate)

1. Question 1 - What did you do on assessment this year?  
We assessed the college teaching certificate through students’ progression through coursework and pass rate of required courses.

2. Question 2 - What data did you collect?  
Pass rates for required coursework were collected to assess the program. Two students completed the certificate earned passing grades for required coursework, leading to a 100% pass rate. Course evaluations were also considered.

3. Question 3 – What did your review of the data indicate for you?  
From student evaluations, the value of experiential learning through the field experience, college teaching practicum, was reinforced. Student reflections indicated the importance of practicing teaching skills in actual classrooms.

4. Question 4 – As a result of your review of the data, what did you do?  
The faculty recognize the imperative of experiential learning for teaching adult students as it is a foundational principle of andragogical practice. Thus, the field experience of the college teaching practicum will remain a required component of the certificate.
