1. Question 1 - What did you do on assessment this year?
We assessed the Library Media certificate using graduation rates and numbers of students selecting the option.

2. Question 2 - What data did you collect?
We collected data on the number of students who enrolled in and completed the library media certificate. 27 students completed the library media certificate program during 2016-17.

3. Question 3 – What did your review of the data indicate for you?
The data indicated a robust program with completers from Montana and other states.

4. Question 4 – As a result of your review of the data, what did you do?
We will continue to ensure that course objectives align with Board of Public Education standards for preparation of school library media specialists.
