CRITERIA AND STANDARDS
“Criteria” are the variables examined in an evaluation. “Standards” are the levels or degrees of performance which measure success in meeting criteria. [FH 602.00] Revised 7/1/99

200 CRITERIA FOR THE FORMAL REVIEW OF FACULTY PERFORMANCE

Montana State University-Bozeman is served by a faculty with a wide range of skills, interests and responsibilities. Thus, different faculty members may have very different assignments in terms of teaching, research/creative activity, and service. The Criteria and Standards portion of this document (630.00 to 633.03) carries forth this principle by distinguishing two general categories of academic faculty as defined in 602.00, those with “instructional” expectations and those with “professional practice” expectations who have responsibilities in any subset of these three areas. Faculty with professional practice expectations are not expected to meet the criteria and standards in any area in which they are not assigned responsibility. Each faculty member’s letter of hire or subsequently negotiated role statement shall specify which category of expectations apply.

Faculty may be appointed to positions with professional practice expectations only by agreement of the department head, dean, and Provost and Vice President for Academic Affairs. Appointments may not be converted to or from positions with professional practice expectations without the express written consent of the Provost. Once appointed to a position, faculty will be reviewed according to the standards appropriate to instructional or professional expectations.

This section requires that differences in expectations be recognized, valued, and respected at all levels during the review of faculty performance. Faculty review must take into account the resources available to accomplish the faculty member’s assignment including release time for scholarly activities, library support, and the availability of computing facilities and technical support staff. As an integral part of their assignments, faculty may be expected to seek available extramural funds appropriate to their field of study. [FH 603.03] Modified 7/1/98

210 UNIVERSITY CRITERIA

The criteria on which a faculty member with instructional expectations will be evaluated shall be the three areas of responsibility: teaching, research/creative activity, and service. A faculty member with professional practice expectations will be evaluated in the area or areas of responsibility (teaching, research/creative activity, or outreach) appropriate to his or her specific assignment.

Departments and colleges will establish specific standards for the review of faculty performance. [FH 632.00] Revised 7/99

211 TEACHING CRITERIA

211.1 University Teaching Criteria
Teaching, the imparting of knowledge, skills, and abilities to learners, is the heart of the University’s mission. Faculty performance in teaching must be evaluated in terms of a wide range of criteria including course content and objectives, classroom effectiveness, student learning and achievement, and student advising. This document challenges faculty and administrators to adopt rigorous strategies for the assessment of teaching performance including peer, student, and self-evaluation, and student outcomes. [FH 603.02] Revised 7/1/99

211.2 College Teaching Criteria

The College recognizes the diversity of teaching practices appropriate to the disciplines within each department. The college teaching criteria are:

Section 400

PROCEDURES FOR FORMAL REVIEW OF FACULTY PERFORMANCE

“Substantive review” means weighing all of the evidence in the dossier, including the rationales provided by preceding reviewers, and making a retention, promotion, and/or tenure decision based upon the criteria and standards of the candidate’s department (if applicable) and college, and the University. Beyond this, substantive review has different implications at the various levels of review. [FH 802.00] Revised 7/1/00

400 GENERAL PROCEDURES

This section promotes University-wide academic oversight by establishing independent reviews at all levels (primary, intermediate and final). In this process, broad University criteria and standards, stated below, are refined by the colleges, and articulated further by the departments. The review of individual faculty is initiated at the primary level, where the relevant disciplinary expertise is located and is then carried to the college and University levels, where successively broader perspectives are employed.

Any committee identified herein may adopt “Standard Operating Procedures” that provide necessary interpretation of these policies so long as they do not conflict with the policies and procedures outlined in this section. Such procedures must be approved by the Chair of Faculty Council and the Provost and Vice President for Academic Affairs. [FH 603.05] Revised 7/1/99

401 REVIEW BASED ON EVALUATION OF TOTAL PERFORMANCE

Third year, tenure and promotion reviews are based upon cumulative performance in each area (teaching, research/creative activity, and service) over the total period preceding review. In contrast, annual reviews assess the faculty members performance averaged over all areas within a year. Thus, a record of having met performance expectations as indicated by Annual Reviews does not necessarily guarantee the candidate has assembled and demonstrated a cumulative record that meets the standards for retention, tenure or promotion. [FH 611.00]

402 MANDATED CONTENTS OF DOCUMENTS

The criteria, standards and procedures documents of the department and college shall, at a minimum, contain the following information, as appropriate:
A. The criteria and standards used to assess a faculty member’s contributions to the role of the department and evaluate their performance (effectiveness, excellence, promise of excellence) in their assigned responsibilities and in teaching, research/creative activity, and service, according to the type and level of review (See section 200 above).

B. Any quantitative and qualitative expectations in terms of job performance, teaching, research/creative activity, and/or service. (See section 300 above).

ANNUAL REVIEW

500 PURPOSE OF ANNUAL REVIEW

Annual review assesses faculty member’s performance over the preceding calendar year and is based upon the faculty member’s letter of hire, role statements, annual assignments, self-assessment, and the department head’s evaluation of the individual’s performance. Reviews must be completed by April 10 or the date specified by the Provost and Vice President for Academic Affairs. The annual review with ratings and any written appeals to the review shall be included in the candidate’s personnel file. [FH 711.00] Revised 7/1/98

501 LETTER OF HIRE/FACULTY ROLE STATEMENT

The letter of hire identifies the instructional or professional practice expectations of the faculty member’s appointment. The faculty member and the department head are responsible for developing, and updating as necessary, the Role Statement which identifies the broad responsibilities each faculty member is expected to perform. Any substantive changes in the expectations and/or the role of the faculty within the department must be approved by the dean, department head, and the Provost and Vice President for Academic Affairs, after negotiation with the faculty member.

Annual reviews evaluate the faculty member’s success in meeting expectations identified in the letter of hire and the role statement. [FH 712.00]

510 PROCEDURES FOR CONDUCTING ANNUAL REVIEWS

The following procedures should be used in conducting annual reviews:

A. The faculty member and department head annually review the faculty member’s performance relative to the faculty member’s role and responsibilities. Evaluations are expected to recognize the requirements and expectations of the position and the proportionate time and resources officially allocated to particular activities.

B. The department head rates the performance of each faculty member and submits the rating card to the college dean using the rating system prescribed by the Salary Review Committee (SRC).

C. The faculty member must sign the card on which the rating is communicated to the SRC. The signature of a faculty member does not indicate concurrence with the rating; rather it signifies that he or she has seen the rating. If the faculty member refuses to sign the card, the card shall be forwarded with the notation that the faculty member refused to sign it.

D. Copies of all annual reviews and the performance ratings of each faculty member shall be maintained in the faculty member’s file in the department. These files shall be kept confidential and maintained in conformity with 453.00. [FH 720.00]

The department head and the faculty member shall annually review the faculty member’s role within the department and make any modifications as may be necessary, after consultation with the faculty member. Any substantial modification of the faculty member’s role within the department must be approved by the department head, dean, and Provost and Vice President for Academic Affairs, after consultation with the faculty member. [FH 721.00]

511.1 **Procedures for Making Salary Recommendations**

Merit increases are based on the faculty member’s performance as assessed in the annual review process. Salary recommendations are not guarantees; the faculty member’s actual salary may be changed by the SRC, by the President, or the Board of Regents.

The department head shall submit a proposed salary recommendation for each faculty member to the non-departmental administrator, if applicable and the college dean for the academic department.

In the case of Extension faculty, the salary recommendation is also sent to the Vice Provost and Director of Extension, and both the college dean for the academic department and the Vice Provost and Dean of Extension, will, together, approve or modify the salary recommendation.

The salary recommendation is then submitted to the Salary Review Committee by the established deadline. Written notice of the faculty recommendation will be given to the faculty member by the college dean of the academic department. [FH 722.00] revised 7/1/99

511.2 **Department Procedures for Making Salary Recommendations**

512 **RECOMMENDATIONS OF THE SALARY REVIEW COMMITTEE**
