To become certified in American Red Cross Responding to Emergencies and, Adult, Child, and Infant CPR, you MUST get an 80% or better in the lecture portion of the class and receive a PASS in the practical tests given in lab.

Note: The American Red Cross charges a total of \$7.00 for the issuing of the First Responder or any of the CPR cards. You may choose to leave this amount in a self addressed stamped envelop with me (or in my mail box) by the end of the semester and I will give it to the ARC for you.

Behavioral Expectations

Montana State University expects all students to conduct themselves as honest, responsible and law-abiding members of the academic community and to respect the rights of other students, members

of the faculty and staff and the public to use, enjoy and participate in the University programs and facilities. For additional information reference [www2.montana.edu/policy/student\\_conduct/cg600.html](http://www2.montana.edu/policy/student_conduct/cg600.html)

### Collaboration

University policy states that, unless otherwise specified, students may not collaborate on graded material. Any exceptions to this policy will be stated explicitly for individual assignments. If you have any questions about the limits of collaboration, you are expected to ask for clarification.

### Plagiarism

Paraphrasing or quoting another's work without citing the source is a form of academic misconduct. Even inadvertent or unintentional misuse or appropriation of another's work (such as relying heavily on source material that is not expressly acknowledged) is considered plagiarism. If you have any questions about using and citing sources, you are expected to ask for clarification.

- E. act in a respectful manner toward other students and the instructor and in a way that does not detract from the learning experience; and
