Buses and 15 passenger vans:

We are asking Science Olympiad buses to **always approach campus from the east** on either Grant Street or on Kagy Blvd. from the east. If you are coming down Kagy Blvd., turn north on 7th Ave. and head towards the intersection with Grant Street. A Parking Service employee will direct you from there. Buses dropping students on Grant Street should only drop on the north side of the street. **Please do not stop and let passengers off while in the east-bound lane of Grant Street. It is dangerous for the pedestrians and clogs traffic.** Once the buses are finished dropping students off, please exit to the west on Grant; turn left (south) on 11th and proceed to Kagy. Turn left (east) on Kagy and right into the stadium. Follow the sign to park in the paved drives on the east side of the stadium. You may remain parked on the east side of the stadium all day. When it is time to pick up students, please exit the stadium the way you entered, turn right (east) on Kagy and then left (north) on 7th Ave. When you get to the intersection of 7th Ave. and Grant Street you will be directed to a spot in which to park for loading. You may then exit campus on the street of your choosing.

**Passenger Vehicles:**

Passenger vehicles may park in the hourly pay lot located just south the corner of Grant Street and South 7th Avenue. There is a charge of $8/day to park in this lot. Visitors should park their vehicle, proceed to one of the automated pay stations located on the east or west edges of the lot and follow the instructions on the screen to pay for parking. Take the receipt back to their vehicle and place it on the dash where it is visible from the outside. Only one receipt per day is needed and visitors can leave and return to park having paid once if they purchase the all day option.

Passenger vehicles may also purchase a daily parking permit from University Police for $4/per day. University Police is located on the corner of Kagy and S. 7th Avenue. A daily parking permit is valid for any E, F or SB parking on campus, **but is not valid for gold signed reserved spaces.** It is unlikely that parking close to the Science Olympiad venue will be available outside the paylot.

The parking map for MSU may be accessed here: [http://www.montana.edu/parking/documents/ParkingMap.pdf](http://www.montana.edu/parking/documents/ParkingMap.pdf)

**There is no free visitor parking at MSU. Vehicles without permits will be ticketed.**
