

Blackfeet Reservation

Montana Poverty Report Card

September 2019

SUMMARY

The poverty rate on the Blackfeet Reservation decreased from 38.6% in 2015 to 35.8% in 2017. This decrease is very similar to the experience of residents of all reservations in Montana. The participation rate in the Supplemental Nutrition Assistance Program (SNAP) decreased substantially in recent years from over 29.1% to 19.8%. The labor force participation rate fell from 56.4% in 2014 to 50.2% in 2017. This decline is greater than the decline experienced by residents of all reservations in Montana.

Poverty Rate

- The poverty rate for the Blackfeet Reservation was 35.8% in 2017, while the rate for all residents of reservations was 30.0%.
- The poverty rate for both the Blackfeet Reservation and all reservations residents decreased from 2015 to 2017.

Poverty Rate by Age

- The Blackfeet Reservation had a greater percentage of individuals in poverty for the age groups 18 to 64 and 65 and over than for all reservation residents in these age groups, and a smaller percentage of individuals in poverty for the age group under 18 years old than for all reservation residents in this age group.

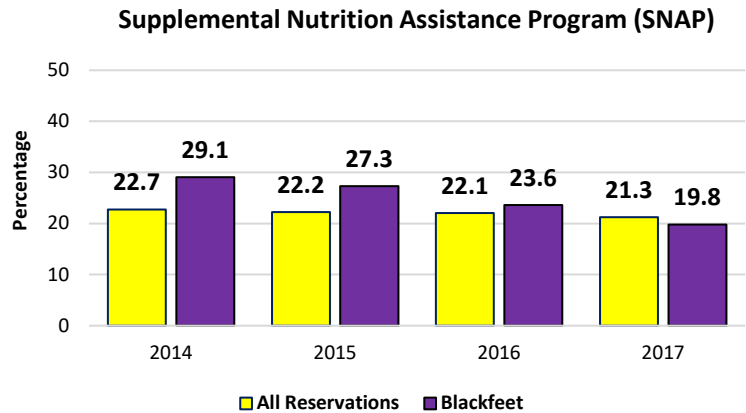

Unemployment Rate

- The unemployment rate for the Blackfeet Reservation is 10.2% in 2017.
- The unemployment rate for the Blackfeet Reservation and for all reservation residents declined from 2014 to 2017. The decline was much larger on the Blackfeet Reservation.

Supplemental Nutrition Assistance Program (SNAP)

- The participation rate in the SNAP program on the Blackfeet Reservation was 19.8% in 2017.
- The participation rate in the SNAP program on the Blackfeet Reservation declined significantly while the rate for all reservation residents was unchanged from 2014 to 2017.

Temporary Assistance for Needy Families (TANF)

- The participation rate in the Temporary Assistance for Needy Families program on the Blackfeet Reservation was 5.4% in 2017.
- The participation rate in the Temporary Assistance for Needy Families program on the Blackfeet Reservation declined significantly while the participation rate for all reservation residents declined only slightly from 2014 to 2017.

Free and Reduced School Lunch Eligibility

- A federal program allows students from low income households to receive either free school lunches or a reduced price for school lunches. A student from a 4 person household is eligible for a free lunches if the household income is below \$32,630 or a reduced price lunch if household income is below \$46,435. The percentage of students eligible for free or reduced prices lunches are listed in the table below by school district. Each of these schools serves a significant area of a reservation in Montana. Data is not available for some schools that serve a reservation (for example: Browning, Lodge Grass and Plenty Coups). Some other districts that serve small portions of a reservation are not listed below.

School	County	%
Hardin Elementary	Big Horn	94.4*
Hardin High School	Big Horn	97.64
Northern Cheyenne High School	Big Horn	98.68
Harlem Elementary	Blaine	93.61
Harlem High School	Blaine	94.89
Kila Elementary	Flathead	49.43
Cut Bank Elementary	Glacier	56.50
Cut Bank High School	Glacier	45.33
East Glacier Park Elementary	Glacier	77.78
Box Elder Elementary	Hill	99.32
Box Elder High School	Hill	94.2*
Rocky Boy Elementary	Hill	92.5*
Arlee Elementary	Lake	81.04
Arlee High School	Lake	84.43
Polson Elementary	Lake	58.79
Polson High School	Lake	38.43
St. Ignatius School (K-12)	Lake	82.21
Valley View Elementary	Lake	67.86
Ronan Elementary	Lake	85.55
Ronan High School	Lake	82.03

School	County	%
Charlo Elementary	Lake	60.00
Charlo High School	Lake	44.68
Dodson School (K-12)	Phillips	92.94
Valier Elementary	Pondera	55.84
Valier High School	Pondera	49.09
Frontier Elementary	Roosevelt	66.67
Poplar High School	Roosevelt	99.10
Culbertson Elementary	Roosevelt	59.81
Culbertson High School	Roosevelt	48.65
Wolf Point Elementary	Roosevelt	99.66
Wolf Point High School	Roosevelt	94.6*

Frazer Elementary	Valley	99.0*
Nashua Schools (K-12)	Valley	43.48
Lustre Elementary	Valley	35.0*
Morin Elementary	Yellowstone	96.1*

* Indicates 2017 data

Utilization of Low Income Home Energy Assistance Program (LIHEAP)

- Information is currently unavailable.

Medicaid Utilization Estimates

- Information is currently unavailable.

Population

- The 2017 population on the Blackfeet Reservation is 10,938. This is a decrease of 0.5% since 2014.
- The 2017 population of all Montana reservations is 69,553. From 2014 to 2017, the reservation population increased 1.8%.

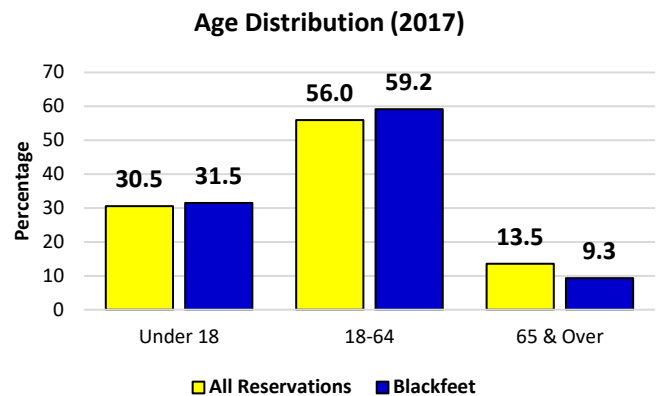

Labor Force

- The labor force participation rate on the Blackfeet Reservation declined from 56.4% to 50.2% from 2014 to 2017.
- The labor force participation rate for all residents of reservations in Montana declined slightly from 56.4% to 54.5%.

Age Distribution

- In 2017, 31.5% of all residents of the Blackfeet reservation were under age 18 while 9.3% are age 65 or older.
- In 2017, 30.5% of residents of Montana’s reservations were under age 18 while 13.5% are over age 65.

Dependency Ratios

- The dependency ratio is calculated by adding the under 18 population and the 65 and over population and dividing this by the age 18 to 64 population. The dependency ratio for all reservation residents is approximately 44% in 2017.
- The dependency ratio for the Blackfeet Reservation remained relatively constant at 41% from 2014 to 2017.

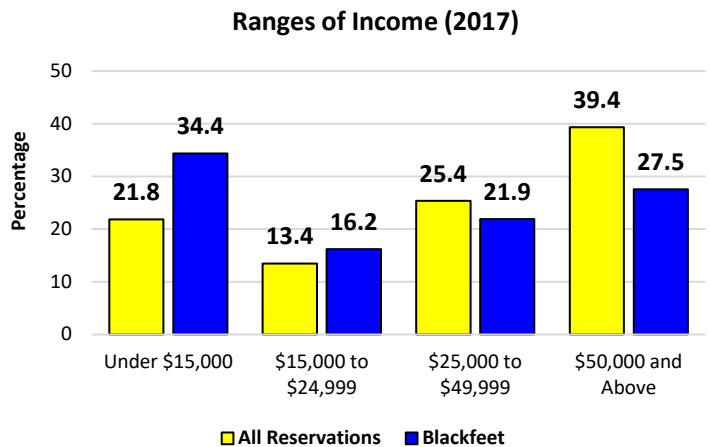

Educational Attainment Age 25 and Older

- Educational attainment is reported for residents 25 and older. Based on recent information for all reservations, 11.8% had less than a high school diploma, 32.9% were high school graduates, 35.5% had some college, and 19.8% held at least a bachelor degree.
- On the Blackfeet Reservation, 10.5% of residents 25 and older had less than a high school diploma, while 17.8% earned a bachelor's degree or higher.

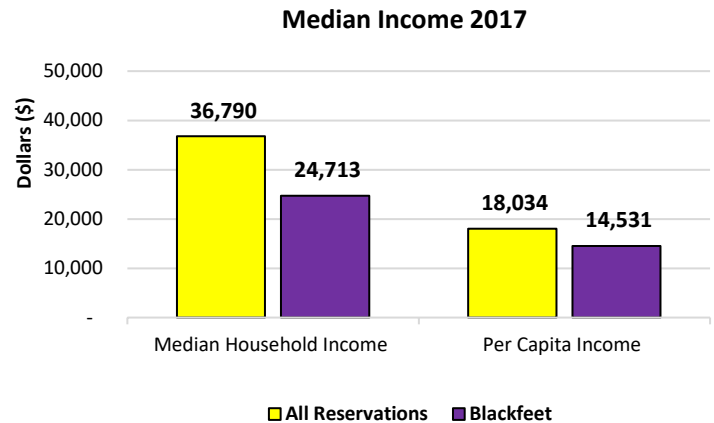

Ranges of Income

- In 2017, 21.8% of households on all Montana reservations had income less than \$15,000, while 39.4% had incomes over \$50,000.
- On the Blackfeet Reservation, 34.4% of households had income less than \$15,000 and 27.5% had income of over \$50,000.

Median Income

- In 2017, the median household income on the Blackfeet Reservation was \$24,713 compared to \$36,790 for all reservation households.
- The per capita income for the Blackfeet Reservation (\$14,531) was also lower than the all reservation per capita income (\$18,034).

Personal Income by Source

- Information is currently unavailable.

Transfer Payments

- Information is currently unavailable.

Earned Income Tax Credit (EITC)

- Information is currently unavailable.
