This is YOUR University!
MSU has a mission that “As the state’s land-grand university, Montana State integrates education, creation of knowledge and art and service to communities,” and “Montana State University will transform lives and communities in the people’s interest.” Both these statements have multiple things in common, but one of the most important is community. So here is just a little bit about YOUR University’s community.

There are: 14,817 Undergraduate Students = 16,766 Students
1,949 Graduate Students
3% Are International

ALL 50 States & 67 Countries Represented

First Generation College Students 689

My Housing Portal
Family & Graduate Housing has some exciting changes to tell you! You can now complete many housing forms from the comfort of your home! Visit our homepage, click My Housing Portal, login with your preferred MSU email, and from there you can access the following:

◆ Extension Requests
◆ Credit Waiver
◆ Address Verification
◆ Housing Transfer Requests
◆ Update preferred name or phone#
◆ Add spouse/partner email for FGH communications

Forms
If you wish to fill out a FGH Form:
1. Click Forms in the yellow bar
2. Scroll to FGH Forms
3. Select desired form
(Fee appeals are not in Portal)

Transfer Req.
If you wish to make a transfer request:
1. Click Apply for Housing
2. Scroll to FGH - Transfer

Update Info
If you wish to update your information:
1. Click Forms
2. Click Update My Information
3. Update your info
If you’re having any trouble with your heaters, or with windows or doors not closing/sealing properly, please contact us as soon as possible so that we can work to remedy the issues. If you need your pilot light lit, call the office for assistance.

During cold months, please do not set thermostats lower than 60 degrees; if you live in the West Side Houses, please do not set your heat dial lower than #3. If you are going to be away from your home for more than two days, please let FGH know. We will monitor the heat in your home while you are away to be sure it is working properly.

Cold weather is here!

If you’re having any trouble with your heaters, or with windows or doors not closing/sealing properly, please contact us as soon as possible so that we can work to remedy the issues. If you need your pilot light lit, call the office for assistance.

During cold months, please do not set thermostats lower than 60 degrees; if you live in the West Side Houses, please do not set your heat dial lower than #3. If you are going to be away from your home for more than two days, please let FGH know. We will monitor the heat in your home while you are away to be sure it is working properly.

Please keep in mind:

- Damages from frozen pipes can be extensive and can cost tenants thousands of dollars. Please be diligent in properly heating your home. The University and Family & Graduate Housing do not carry insurance against the loss or damage of individually owned personal property. It is recommended that tenants obtain personal property insurance coverage.

Miller & Rendezvous Dining Commons:

Cold weather is here!

- Put a “winter supply” box in your car: Having a box full of winter supplies in your trunk can make all the difference if something goes wrong while traveling on a cold day. Some things you should consider putting in your box are a flashlight, road flares, a first-aid kit, a few blankets, a change of warm clothes, a few extra pair of gloves & a hat, a radio, a charged cellphone for 911 calls, a bag of sand, an extra ice scraper, some high energy snacks (like nuts or jerky), and water.

- Check your engine coolant and antifreeze levels: Anti-freeze is the substance that keeps your engine from freezing during cold months. Without it, your engine can freeze.

- Check your tire pressure and tread depth: Good tires are the key to staying on the road and keeping safe when the roads are questionable. First, check your tire pressure with a simple gauge. Fill up your tires if needed at a gas station (most gas stations offer this as a free option). You should also make sure your tires have appropriate amounts of tread on them. To test this use the “Lincoln test” just insert a penny into your tire’s tread with the top of Lincoln’s head pointing inward toward the tire. If you can see all of Lincoln’s head, you need to replace the tire before winter weather begins.

- Use winter windshield wiper fluid: Ordinary fluid that you use in the spring, summer and fall often becomes worse than useless in the winter, as it freezes quickly upon contact with your windshield. When winter comes switch out your fluid for “winter” fluid. Winter fluid is designed for the cold temperatures of winter and will not freeze. In fact it will help loosen ice and snow from your windshield, making it easier to keep things clear.

Welcome back! I hope you had a restful winter break!

Reminders:
- Please keep your thermostat set to at least 60 degrees. This will keep your pipes from freezing!
- Please make sure to keep your patio organized.

Healthy & Quick Breakfast Recipe:
Fruit & Yogurt Parfait – Layer fresh or frozen raspberries, blueberries, granola, and yogurt snuggly in a mason jar. No time for breakfast in the morning? Here’s your solution!

Tips and Tricks
- Spend some time outside every day, even when it’s cloudy. The effects of daylight still help.
- Begin using a 10,000 lux light box when fall starts, even before you feel the effects of winter SAD.
- Eat a well-balanced diet. This will help you have more energy, even if you’re craving starchy and sweet foods.
- Exercise for 30 minutes a day, five times a week.
- Stay involved with your social circle and regular activities. Social support is very important.

We know that college is a time of great change, excitement, and stress as well. Everyone struggles at different times throughout their career at MSU, and CPS wants our entire community to know that it’s ok to get help. The professional staff at CPS provide group and individual counseling services, outreach and prevention, and consultation to parents, faculty, staff, students and others in our community.

Sleep helps keep your mind and body healthy. Most adults need 7 to 8 hours of good quality sleep. Getting enough sleep regularly can benefit you by:
- Getting sick less often
- Maintaining a healthy weight
- Lowering your risk of serious health problems, like diabetes and heart disease
- Reducing stress and improving your mood
- Thinking more clearly and doing better in school and work

For CPS services or more information please call or visit this webpage
Phone: (406)994-4531, Website: www.montana.edu/counseling/
The Office of Health Advancement offers over 10 services to our students. These services include a travel clinic, INSIGHT alcohol & drug assistance center, center for recovering students, the VOICE center, Body Project, wellness coaching, and nutrition services. The Office of Health Advancement is a major influencer in our “Tobacco Free MSU” initiative for a healthier place to live, work, learn, and play, and offers Quit Kits if you’re ready to quit smoking.

If you want to know more about services provided, please visit the MSU Office of Health Advancement page below:

http://www.montana.edu/oha/

Wellness Coaching
-Individual and group wellness coaching empowers students to pursue the life they envision by self-discovering personal strengths, values, and motivators.

Body Project
-Body Project empowers women to enhance body acceptance, body image, and positive sense of self.

Tobacco Free MSU
-For a healthier place to live, work, learn, and play, MSU is a tobacco free campus including e-cigarettes. Quit kits are available.

INSIGHT Alcohol & Drug Assistance Center
-INSIGHT provides counseling and early intervention for students who are impacted directly or indirectly by substance use.

Center for Recovering Students
-CRS offers a safe, healthy, and welcoming environment for those who have been affected by addiction to celebrate recovery.

The VOICE Center
-The VOICE Center provides a safe, highly confidential place on campus for survivors of sexual and domestic violence.

Educational Programming
-Health Advancement offers a broad range of interactive and educational well-being presentations for individuals, student groups, and classes across campus.

Nutrition Services
-Registered Dietitians are available to help students in their efforts to make healthy lifestyle choices and seek whole health.

AlcoholEdu for College with Sexual Assault Prevention and Transit
-These courses help students address critical life skills such as alcohol abuse prevention, sexual assault prevention, and financial literacy.

Travel Clinic
-We offer individual travel health consultations, pre-travel physicals, and Travel Health and Safety Classes for any students planning international travel.
Helping Hands!
