

## Greetings Tenants

You may have heard we are revamping our programming efforts in order to serve you better. This fall we are implementing a new type of program format. We have eight different Interest Groups that YOU can be a part of. Please see as to when and where these groups are meeting. If you have any questions or to request disability accommodations please call the FGH Office at 994.3730 or email Liz at lgrant@montana.edu

## What is an Interest Group?

The discovery of a hobby that stirs a passion within is truly a joyful thing. What makes it even better is when you can share it with others. Finding a group that shares your hobby interests is a great way to get socially active while doing something that you love. Family and Graduate Housing is pleased to offer numerous groups, known as Community Interest Groups, that allow you this unique opportunity. Community Interest Groups let you share your hobbies with others, pool resources for the pursuit of your hobbies, and even utilize campus resources and funding for your hobbies.
