Recreational Sports and Fitness (RSF)

Graduate Assistantship
Description of Opportunity

A. Position duration – This position is for 19 hours/week for: 10 months (AY), with option of a 2-month summer camp position. Position dates: Aug. 10-May 10.

   - Assist in the overall administrative and management of the Recreational Sports and Fitness program.
   - Assist the Recreation Manager who oversees Club Sports, Intramural Sports, Life Guards and Summer Camps.
   - Assist in the development of a student staff leadership training program.
   - Assist in the scheduling, planning, supervising and leading student staff in the development of the program.
   - GTA’s will enroll and be accepted to an MSU Graduate program.
   - The GTA is intended to be a 2 year assistantship
     - The GTA will be evaluated and reviewed each semester.
     - RSF and/or the academic department may terminate the assistantship at any time.

C. Field-based skill description –
   - This position will introduce you to university administration. To learn how to navigate MSU and to be a productive team player within it.
   - To learn many leadership and management strategies to work with students and their positions.
To work with many campus recreation professionals that will guide each GTA to learn the job responsibilities and develop their own management style.

D. **Transferable/portable skill description** –
   - To acquire management and business skills transferable to any industry.
   - Will learn planning, scheduling and marketing skills.
   - Will learn how to be a team player on a very dynamic, visionary, and fast moving RSF team.
   - How to apply passion for our industry to move into a career.

E. **Preferred skills/qualifications** –
   - Proven experience working as a team player
   - Excellent written and verbal communication skills
   - Competence in basic word processing and spreadsheets
   - Two years working with a campus recreation department or other similar organization
   - Undergraduate degree (preferred course work in: recreation, management, business, sports science, fitness and related fields)
   - Experience working with youth camps
   - CPR/AED (can be taught by RSF)
   - Lifeguarding (not required for position, but can be taught by RSF)

To apply for a position, please submit the following to Spencer Sorensen rsfgta@montana.edu by [Jan 6, 2017]: (We will continue to accept applications until the GTA positions have been filled).

1. Current resume or CV
2. Two professional letters of recommendation.
3. Letter of interest for this position to address:
   (Please limit responses to no more than 500 words per question)
   a) Why you are interested in the position and any special areas of interest you may have in the position?
   b) What can you contribute to RSF and the MSU students as a whole?
   c) How you will use your area of study to not only better the RSF Department and MSU students, but also the Graduate School and the MSU community?
   d) What do you see as the largest challenge for students to participate in campus recreation programs and facilities?

In addition, you will be expected to meet all of the **Graduate School Qualifications**:
Full-time (6-9 credits each semester), degree-seeking graduate program at MSU
Cumulative and program of study GPA of 3.0 or better
Making progress toward the achievement of their degree

*This position is part of the Graduate Student Union. As such, the student in the position must pay monthly union dues. If workplace issues arise, the student in the position will need to take concerns to their supervisor or the University's Human Resources department.

GTA Supervisor:
Spencer Sorensen spencer.sorensen@montana.edu

Position Description
Intramurals, Club Sports, Lifeguards, and Camps

- Assist in the overall administration and management of the Intramural Sports program including the planning, development, implementation, and marketing of a comprehensive intramural sports program including all individual/dual sport and team sport activities.
- Experience in intramural sports officiating, intramural sport-specific rules knowledge, and IM Leagues preferred.
- Assist in recruiting, hiring, training, supervising, scheduling, and evaluating of student employees for intramural sports officiating and supervisory positions.
- Attend and conduct weekly/monthly staff meetings for Intramurals and Club Sports.
- Contribute to the improvement of the Club Sports program through the coordination of club travel, budget allocation, and policy development.
- Assist in the program planning, training and oversight of lifeguards.
- Provide leadership within RSF by providing support to student staff, the Manager for Intramurals, Club Sports and Lifeguards, and the other graduate and full-time staff.
- Assist in the development of a student staff leadership training program.
- Participate in professional staff meetings.

Works primarily with:

- x Undergraduate students
- x Graduate students
- Faculty
- x Staff

The Adult & Higher Education AHE program focuses on:

- College students and their development
- Higher education leadership, administration, and organization
- Institutional and program evaluation, assessment, and accreditation
Aligning with the AHE focus:

- The GTA’s will be mentored by professional RSF staff members in their own leadership development but also to learn how to train student leaders. RSF has a structured training program with clear job descriptions to help students succeed.
- The GTA’s will be required to work with departments across campus on a regular basis; i.e. Office of Activities and Engagement, Residence Life, Student Success, Sports Facilities, Health and Human Development and more.
- Each program unit is required to turn in a “year end report”. The GTA will help with this report by documenting participation numbers and changes to the program. They will help evaluate the success of each activity and make recommendations to improve, cancel or change the activity in order to guide resources to increase participation and engagement in line with the mission and goals of MSU and RSF.

Structure

- We have a very flexible assistantship. While we have a very engaging assistantship, there will be more supervision in the first few months and it is our hope that as the GTA learns the duties and responsibilities they will be able to work more autonomously. The supervisor will be there as needed and work with the intern to help the intern work towards their career goals.

Supervision

- It is important that the intern works closely with our team of professionals. There are several members on the RSF Team that can offer great advice and will work with the intern to match their experience with their career goals.

Performance and Feedback

- Each intern will receive a formal evaluation each semester. This is important to make sure both the intern and the supervisor are achieving the goals set out at the beginning of the term.
- We believe that regular feedback is critical to keep everyone on track and focused on the duties and charges for the term. This usually comes in the form of goal setting, personal meetings and staff meetings where we often provide Kudos to those staff members that go above and beyond.

Compensation

- Stipend: Minimum of $1,100/month for an appointment requiring 19 hours a week.
- MSU will pay a minimum of 6 credits tuition/semester for GTA’s accepted into this program.
• Additional payment by RSF: Mandatory payment of an additional $120 per month for health insurance, as per the Collective Bargaining Agreement (CBA).
• Professional development is very important to us: RSF will provide compensation to attend a limited number of regional professional development conferences and workshops. There are also funds available to attend national or world conferences, but the intern must apply for these funds and apply for grants/scholarships.

GTA Conduct
• Exercise a sense of responsibility, judgment, and integrity on and off campus. This includes, but is not limited to, compliance with all RSF and MSU policies; the Student Conduct Code; local, state, and federal laws.
• Know, understand and adhere to University policies. Be well versed in the rationale behind them so that you can inform students of this information properly.
