

University Sponsored Research Appointment Form

University Sponsored Research Appointments are available to full-time MSU faculty members who have sufficient funding from external sources to supplement their annual state funded salary by 20%, plus a proportional share of all fringe benefits and, if AY faculty, 3/9ths summer salary. Details of the policy governing Sponsored Research Appointments are available at http://www2.montana.edu/policy/faculty_handbook/fh1100.html#1140.00 along with a document providing questions and answers concerning the policy and its implementation.

Faculty wishing to be appointed as a University Sponsored Research Faculty for fiscal year 2007 must provide the information requested below and include the official notice of grant/contract award for each project that will support your appointment.
