Welcome everyone to our 36th Annual MACRS Spring Conference! Throughout my presidency over this past year, I have come to the realization this organization is definitely all about the “we.” Your MACRS Board has put together another outstanding program with you in mind.

My main choice of topics was to emphasize the importance of safety, all aspects of safety - on the job, driving, and at home. The speakers, selected by the Board, will be covering an interesting variety of safety topics. Everyone will be able to go back to their respective counties with new ideas about how to encourage and promote a safety culture in their place of work and at home.

If you are new or returning this year, please introduce yourself to the MACRS Officers and network with those who have similar issues that you may have. What an incredible opportunity to get to know your neighboring counties and those from the fifty-six Montana counties, all in one central location.

Be sure to visit with the vendors who have taken time to share their products and services with us. And also extend a thank you for supporting this conference through their registration and sponsorship.

We are fortunate to hold our conference in this excellent facility. The Best Western Heritage Inn also needs a big thank you for their continued assistance in making this event what it is today.

I would also like to thank Genevieve, Michele and Steve, aka LTAP. They are the backbone of our conference. I personally would be a little afraid of what a conference run by “Road Guys” would be like. They are also a good source of information in all aspects of our jobs. If they do not have an answer they will help you to find the answer or get you in touch with someone that has had the same experience.

Enjoy the conference!

---
