Montana Local Technical Assistance Program Roads Scholar Program

Sponsoring Partners:
 Montana Association of County Road Supervisors
 Montana League of Cities & Towns • Public Works Directors

The Roads Scholar curriculum is designed to provide participants with the fundamentals of safety, management, and advanced technologies, as well as exposure to a wide variety of other topics relevant to the transportation field.

Montana LTAP
 PO Box 173910
 Bozeman, MT 59718

<http://www.montana.edu/ltap/>

WHY A ROADS SCHOLAR PROGRAM

With increased traffic as Montana grows and new technologies becoming available, there is the need for more diverse skills and knowledge necessary for maintenance and preservation on roadways. Montana has over 70,000 miles of roads in cities, counties, and highway districts. The Roads Scholar Program provides not only recognition of roadway professionals that are constructing and maintaining these Montana roadways, but also promotes attendance at safety workshops and further learning and education.

The Roads Scholar curriculum is designed to provide participants with the fundamentals of safety, management, and advanced technologies, as well as exposure to a wide variety of other topics relevant to the transportation field.

Through this program, local agencies will be providing an opportunity to develop the agencies' greatest asset -- its employees.

ROADS SCHOLAR LEVELS OF TRAINING

Both Roads Scholar Level I and Level II • Road MASTER certificate holders will be recognized statewide for their accomplishment in addition to receiving awards.

Level I: Ten workshops are required to complete Level I. Four core classes must be attended in addition to six optional classes.

CLASS REQUIREMENTS to be completed in four to six years.

1. Work Zone Class (1)
2. Equipment Operation Class (1)
3. Winter Maintenance or Safety Class (1)
4. Leadership Class (1)
5. Optional LTAP Classes (6)

Level II • Road MASTER: Upon attainment of Roads Scholar Level I, twenty workshops are required for ROAD MASTER'S level, including assisting in the classroom. See requirements below:

CLASS REQUIREMENTS to be completed in four to six years.

1. Work Zone Class (2) (*WZ Tech Certification & TCS Attendance*)
2. Equipment Operation Class (2) (*Motorgrader & Forklift Certifications*)
3. Winter Maintenance or Safety Class (2)
4. Leadership Class (1) (*And assist instructing LTAP Course w/LTAP Director*)
5. MACRS Conference or Public Works Meeting, Montana League of Cities & Towns (1) (*Must serve in some capacity with MACRS or League of Cities & Towns.*)
6. Optional LTAP Classes (12)

HOW DO PREVIOUSLY TAKEN WORKSHOPS COUNT?

Starting January 1, 2001, LTAP has recorded workshops taken by participants up to the present time. There will be some provisions for some courses and the Director will determine the student's ability to demonstrate a basic knowledge of the subject.

COMMENTS FROM A ROADS SCHOLAR

"The benefit of LTAP training has kept me well updated with the constant change in equipment technology, materials, and techniques on gravel road maintenance."

--Larry Duchnik, Fergus County Road Department
