

Montana LTAP Presents 2018 MACRS Fall District Meetings

Workshop Description: Participants will learn cattle guards, culverts, weed mowing, signing, PPE, and Back Safety at the 2018 MACRS Fall District Meetings.

Who Should Attend: Anyone who is involved with city or county roads, public works directors, or anyone who is interested in gravel roads maintenance, culverts, cattle guards, and roadside safety.

Instructors: Shawna began her long career as an instructor over 25 years ago. As a certified Emergency Medical Technician, she knew that bringing this life-saving knowledge to others in her very rural area of Montana would save lives. All of Shawna's certifications are nationally recognized except for Flagging Certification which is a state-to-state process. She also teaches classes on asbestos awareness, blood-borne pathogens, hazardous waste, CPR, and OSHA 10 and 30, and MSHA Mine Safety. She brings her vast knowledge of safety training and experience to the LTAP program as the Field Training Professional.

Questions: MT LTAP Conference Coordinator Genevieve Houska at 1-800-541-6671
