Montana LTAP Winter Maintenance & Winter Safety $50

Workshop Objective
This seminar will present information on how to plan for winter maintenance on Montana’s roadways making determinations on sanding, deicing, and snowplowing. Training will also provide emergency skill elements of winter survival especially for snow plow operators and other public workers who are at risk of becoming trapped in bad weather or who may approach stranded motorists.

Who Should Attend
Anyone making determinations of sanding, deicing, and snowplowing Montana roadways should attend. Also, transportation employees exposed to extreme winter elements and require emergency skills will benefit from this course.

Instructor: Montana LTAP Field Training Professional, Shawna has over 28 years of experience in private and public-sector construction, safety training and program coordination. Shawna delivers a large portion of LTAP sponsored safety training, including Flagger Certification, Traffic Control Supervisor, Work Zone Technician, Pilot/Escort Operations, Lead Contractor Supervisor training, Winter Maintenance & Safety, Trenching, and Excavation Safety, OSHA Instructor, and first aid/CPR Training.
