Speaker Jay Arthur

Speaker Jay Arthur will lead the seminar titled *Common Statistical Tools You Can Use*. Mr. Arthur found that he uses a handful of tools and methods to solve virtually all problems. He will share those tools and his expertise during the interactive seminar.

Mr. Arthur specializes in Lean Six Sigma for healthcare, information technologies, service and manufacturing companies. He is the author of *Lean Six Sigma Demystified* (2nd edition McGraw-Hill 2011), *Lean Six Sigma for Hospitals* (2nd edition McGraw-Hill 2016) and the *QI Macros Lean Six Sigma SPC Software for Excel*. Registration costs will include a copy of Mr. Arthur's *Lean Six Sigma Demystified* book. The *Lean Six Sigma for Hospitals* book will be available to purchase for \$15 when registering for the seminar.
