You will see the list of Spring 2017 courses. Clicking on a course title will open a course description. Once you have decided on the course(s), then make note of the CRN number as well as the course rubric and title listed on the Spring 2017 webpage.

Scroll to the bottom of the Spring 2017 webpage and click on the “Register for MSSE Courses Here” link. This link will connect you with the “MyInfo” Registration portal.

If you have not yet set a password for MyInfo, your initial MyInfo password is your birth date entered as a ddmomyyyy with no spaces (example: 01jan1980). The month must be lower case. Your new password/pin must be 8 or more characters and must have letters, numbers, and a special character (such as @, #, $, *, !) included.

If you can't remember your pin, click the Forgot Pin button and you will be prompted to reset your pin. Five unsuccessful login attempts will lock your record. To avoid a lock, use theForgot Pin button after the 4th unsuccessful attempt to login. If you are locked out of your account, or if you still can't log in after following the instructions above, you may need to have your password/pin reset. Call the IT Services Help Desk at (406) 994-1777 to have your password/pin reset.
An ethnicity survey may appear the first time you log into MyInfo. You may fill out the survey or decline. This will only appear the first time you log into the MyInfo system.
