TITLE: STUDENT HONOR ROLL

POLICY: A College of Nursing Honor Roll for upper division nursing students is established.

A. Junior and senior students who have a G.P.A. of 3.25 and who are enrolled in two clinical courses qualify.

B. Junior and senior students who have a G.P.A. of 3.50 and who are enrolled in two clinical courses are placed on the College of Nursing Dean's list in recognition of special academic effort.

RATIONALE: Because of allocation of credits in the clinical nursing courses, upper division nursing students have difficulty meeting the 15 credit requirement for the university Honor Roll. However, these students deserve on-going recognition for their academic achievement in the college and in their home communities.

PROCEDURE: Implementation takes place through the office of the Assistant Dean of the College of Nursing. Letters are sent to these students in recognition of their achievement.
