Application Instructions For Non-Degree Coursework:

- Complete and return a College of Nursing preliminary application available at [http://www.montana.edu/nursing/academic/prospectivemn.htm](http://www.montana.edu/nursing/academic/prospectivemn.htm). Submit an official non-degree graduate application to the Division of Graduate Education (DGE) ([http://www.montana.edu/wwwdg/apply.shtml](http://www.montana.edu/wwwdg/apply.shtml)).

- The Division of Graduate Education will process non-degree application within 48 hours and will mail an acceptance letter with registration information to the applicant. See Non-Degree Graduate Status information on the Division of Graduate Education’s website ([www.montana.edu/wwwdg/cat_non_deg_standing.shtml](http://www.montana.edu/wwwdg/cat_non_deg_standing.shtml)).

Facts To Be Aware Of Before Proceeding As A Non-Degree Student:

- Transfer of non-degree credits to a MN Program of Study is restricted. Course work taken on a non-degree basis may transfer to a degree option if the student is admissible at the time they enrolled in nursing courses as a non-degree seeking student.

- Completion of courses as a non-degree seeking student does not in and of itself guarantee acceptance into the MN degree program at a later date.

- Non-degree students are not eligible for financial assistance of any kind.

If You Decide To Proceed And Register As A Non-Degree Seeking Student Then:

- Review course information for pre-requisites. Online catalog information is available at [http://www.montana.edu/wwwcat/courses/courses2.html](http://www.montana.edu/wwwcat/courses/courses2.html).

- Course enrollment is based on 1) available space, 2) completion of course prerequisites, and 3) the instructor’s written permission.

- Non-degree students who enroll in graduate nursing courses are expected to follow the same schedule as matriculated students (eg, travel to Bozeman for orientation and face-to-face course meetings at the beginning of the fall semester) unless alternate arrangements have been made.

- Graduate nursing courses are anchored in WebCT. Access to WebCT occurs after the student registers. Online WebCT orientation is recommended.

- Proficiency in computer skill and Internet access is required. See Standard Computer Requirements at [http://www.montana.edu/nursing/academic/mn.htm](http://www.montana.edu/nursing/academic/mn.htm).
