

Installing Office 365 on Android Phone

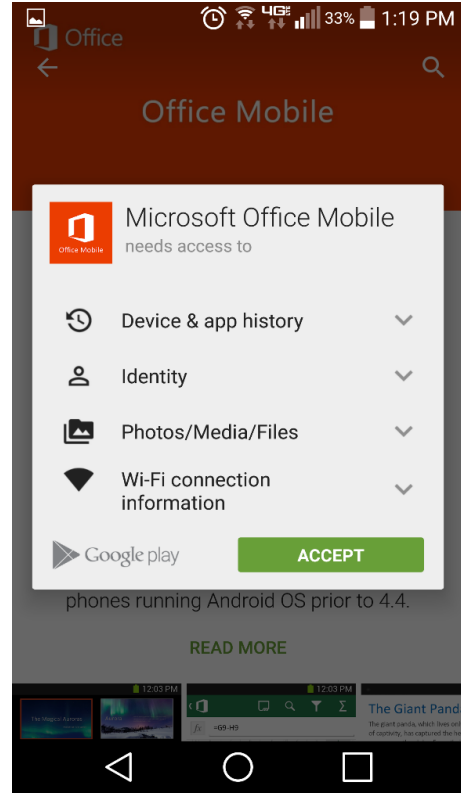

1. Search the Google Play Store for Microsoft Office Mobile.

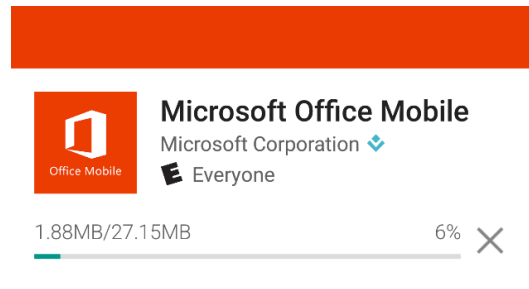

2. Select Microsoft Office Mobile. Click **INSTALL**.

3. Click **ACCEPT**.

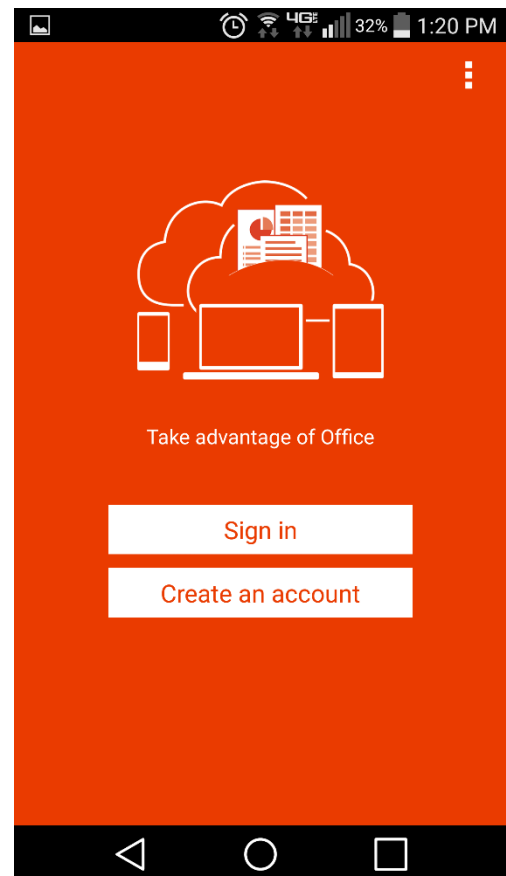

4. This screen displays the progress of the download.

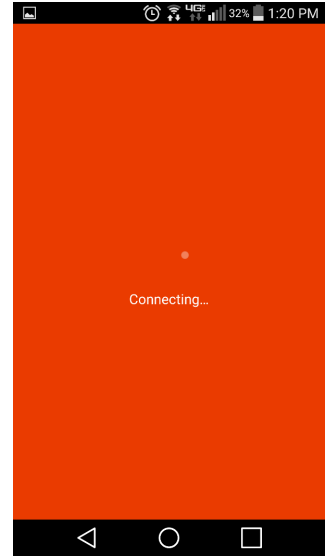

5. Click the green **OPEN** button.

6. Click **Sign in**.

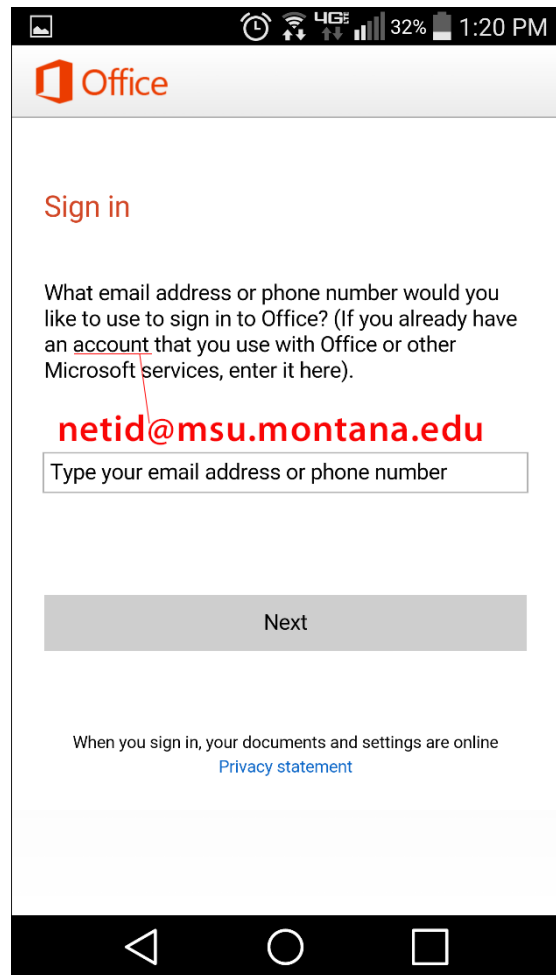

The following screen will appear while you are connecting.

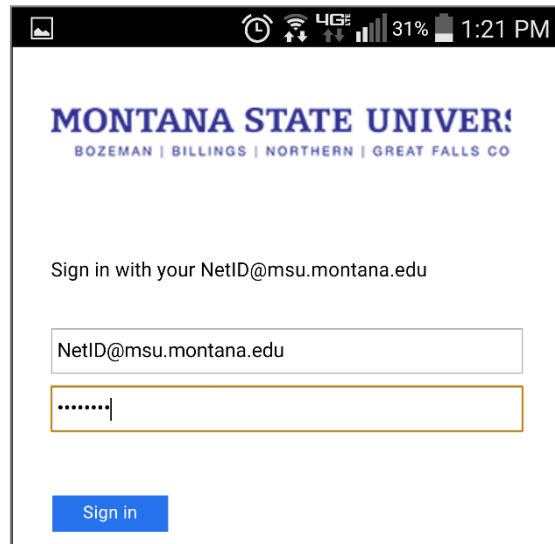

7. Enter your NetID@msu.montana.edu (for example, w12r367@msu.montana.edu) and then click **Next**.

This will re-direct you to MSU's sign-in page.

Your NetID@msu.montana.edu will already be displayed in the top field.

8. Type your **NetID password** in the second field and then click the **Sign in button**.

9. Click the **arrow** in the bottom right corner to continue.

Microsoft will set up Office Mobile after which you will be able to use your new applications.
