Calculate and provide the average (mean) standardized test scores and core-course grade-point average for first-year student-athletes who received athletics aid* (include nonqualifiers who were ineligible for athletically related aid) during the four most recent academic years, by sport group. Report all scores as either recentered SAT or ACT sum scores. Individual student-athlete scores should be converted using the conversion chart before the average (mean) test scores are calculated. List the most recent academic year’s data first and include all first-year students entering the institution during the year. For student-athletes certified through the early academic certification program beginning August 1, 2008, institutions should base student-athlete core-course GPA on his/her six semester academic transcript. (see NCAA bylaw 14.3.1.1.1)

Institutions that do not award athletics aid should compile these data for first-year student-athletes who were recruited, in accordance with NCAA Division I Bylaw 13.8.2.13.1 (Recruited prospective student-athlete).

Note: Institutions are not required to report data if the number of students in a group is two or less.

Name of person completing the chart: Chris Fastnow  Title: Associate Director of Planning
