

Hepatitis A Vaccine Declination

I understand that due to occupational exposure to potentially infectious materials that may contain a risk of acquiring a hepatitis A virus (HAV) infection. I have been given the opportunity to be vaccinated with hepatitis A vaccine, at no charge to myself. However, I decline hepatitis A vaccination at this time. I understand that by declining this vaccine, I continue to be at risk of acquiring hepatitis A, a serious disease. If in the future I continue to have occupational exposure to potentially infectious materials and I want to be vaccinated with hepatitis A vaccine, I can receive the vaccination series at no charge to me.
