Goal Statement:

Montana State University is committed to widening access to higher education and seeks to ensure equality of opportunity for all.
Measurable Outcomes

1) Increase in undergraduate population of 15% and an increase in graduate population of 20%, by 2020.
Measurable Outcomes

1) Increase in undergraduate population of 15% and an increase in graduate population of 20%, by 2020.

2) Increase the number of enrollments by distance students by 40% by 2017
Measurable Outcomes

1) Increase in undergraduate population of 15% and an increase in graduate population of 20%, by 2020.

2) Increase the number of enrollments by distance students by 40% by 2017

3) Montana State University will attract a greater number and proportion of non-resident students. Approximately 30% of undergraduate students will be nonresidents by 2015
**Measurable Outcomes**

1) Increase in undergraduate population of 15% and an increase in graduate population of 20%, by 2020.

2) Increase the number of enrollments by distance students by 40% by 2017.

3) Montana State University will attract a greater number and proportion of non-resident students. Approximately 30% of undergraduate students will be nonresidents by 2015.

4) The student body will be more diverse by 2020. For example, the number of Native American students enrolled will increase as will the number of international students.
Measurable Outcomes

1) Increase in undergraduate population of 15% and an increase in graduate population of 20%, by 2020.

2) Increase the number of enrollments by distance students by 40% by 2017.

3) Montana State University will attract a greater number and proportion of non-resident students. Approximately 30% of undergraduate students will be nonresidents by 2015.

4) The student body will be more diverse by 2020. For example, the number of Native American students enrolled will increase as will the number of international students.

5) The Fall-to-Fall retention rate of our incoming freshmen students will increase to 82% by 2017, which will ultimately lead to an increase in graduation rates.
**Measurable Outcomes**

1) Increase in undergraduate population of 15% and an increase in graduate population of 20%, by 2020.

2) Increase the number of enrollments by distance students by 40% by 2017

3) Montana State University will attract a greater number and proportion of non-resident students. Approximately 30% of undergraduate students will be nonresidents by 2015

4) The student body will be more diverse by 2020. For example, the number of Native American students enrolled will increase as will the number of international students.

5) The Fall-to-Fall retention rate of our incoming freshmen students will increase to 82% by 2017, which will ultimately lead to an increase in graduation rates.

6) Incoming freshmen will be better prepared than they are today. The number of freshmen with 3.60, and higher high school GPAs will increase to 715. The percentage of Montana University System Honors Scholarship recipients who choose MSU will increase to 70%.
