DEGREEWORKS

DegreeWorks is a web-based degree audit and tracking system for students and academic advisors to monitor progress toward degree completion. It also allows for advising notes and provides a place to create semester plans. DegreeWorks provides a more accessible, convenient, and organized way for students to know their academic standing, and how best to plan the rest of their college careers. The “What-If” allows students to view how their progress would change with a new major, which classes can still be applied towards the new major or minor, and which new classes need to be taken.

The “Plans” tab allows students to plot their courses through graduation. Some departments require that students complete a plan prior to attending their advising session.

Students should review their DegreeWorks worksheet before meeting with their advisor.

To review your DegreeWorks worksheet, log into MyInfo > Secure Area > Student Services > DegreeWorks.

For more information about DegreeWorks including instructions, Frequently Asked Questions, and an introductory video, check out www.montana.edu/degreeworks.

If you have questions about your progress toward your degree, you should consult your academic advisor.

If you have questions about the accuracy of the courses as they appear on your DegreeWorks worksheet, please check out the Frequently Asked Questions section on the DegreeWorks website www.montana.edu/degreeworks. There, you can contact the DegreeWorks technical team if you do not find an answer to your question.

GENERAL PROCEDURE REMINDERS

Students are responsible for knowing regulations governing registration, Add/Drops, withdrawals, and other procedures and regulations outlined in this publication, the University Catalog, and any special registration instructions which may be issued on a semester basis.

Registration Checklist

1. All outstanding fees/charges must be paid before registration.
2. Refer to the University Catalog at catalog.montana.edu for information about courses offered.
3. Review your Degree Works worksheet (see page 7) and use Plans to plan your next semester's course selections.
4. Meet with an advisor during the advising period to receive your registration PIN.
5. Use CatCourse or MyInfo to register for classes. If MyInfo indicates you are NOT allowed to register, see the appropriate office. Go to page 13 for detailed registration instructions.
6. Make sure you pay your bill to confirm your registration and hold your classes.

Classification of Students

Students are classified as follows:

- **Freshman:** a student who has earned less than 30 semester credits and who is entitled to regular or conditional admission.
- **Sophomore:** a student who has earned 30-59 credits.
- **Junior:** a student who has earned 60-89 credits.
- **Senior:** a student who has earned 90 or more credits.
- **Second bachelor's degree candidate:** a student seeking a bachelor's degree who has already earned one bachelor's degree (Post Baccalaureate status).
- **Non-degree graduate student:** a student with at least a bachelor's degree but not seeking another degree.
- **Graduate degree student:** a student who has at least a bachelor's degree and has been accepted into the Graduate School.
- **Non-degree undergraduate:** undergraduate taking self-interest courses.

Add Procedure

Students may add courses using CatCourse or MyInfo through the 5th class day of the semester. After the 5th day, all adds require signatures from the instructor and advisor on the Add/Drop form. After the 10th day of the semester, adds are permitted for extraordinary reasons only and require the additional signature of the Academic College Dean on the Add/Drop form.

Drop Procedure

Students may drop courses using MyInfo through the 10th day of the semester. After the 10th day of the semester, all drops require signatures from the instructor and the advisor on the Add/Drop form. Although no refund will be given after the 15th day of the semester, students may continue to drop one or more courses with a grade of "W" up through the last day of the official registration period, with the approval of the academic advisor and the course instructor.

1. Students obtain the Add/Drop form from their advisor, department, the Registrar's Office, or online: www.montana.edu/registrar.
2. Seek the instructor's approval. If the instructor approves and signs the form, go to your advisor.
3. Discuss with your advisor the reason for the change. If the advisor approves and signs the form, return the completed Add/Drop form to the Registrar's Office with a picture ID.

University Withdrawal

If a student must withdraw from all classes after he or she has confirmed attendance or paid fees, he or she must initiate the withdrawal through the Office of Student Success. Graduate students must initiate the withdrawal through The Graduate School.

A student who withdraws before the end of the 15th day of the semester will not receive grades for any of their courses. Thereafter, through the last day of instruction, a grade of "W" will be assigned on all courses for which the student is registered unless the Office of Student Success indicates otherwise.

While the registration fee (\$30), tuition payment plan processing fee, orientation fee, ID fee, late fees, social fee, foreign student fee and dorm deposit are not refundable, all other tuition and fees will be refunded based upon the following schedule. The Office of Student Success record will determine the date used for refunding.

Days of Instruction	Percent Refunded
Prior to January 13	100
January 13-20	90
January 21-27	75
January 28-February 3	50
February 4 forward	0

No refund of health or dental fees are given if medical services have been provided.

A student who leaves the campus without withdrawing his or her registration through regular channels will receive "F" grades in all courses for which he or she was registered.

Cancellation of a Course Section in a Semester Schedule

A course may be cancelled for lack of sufficient enrollment or other appropriate reason up to the end of the 10th day of university instruction.

Registered Students Who Fail to Attend Class

During the third day of university instruction and thereafter, those students who have registered but have not attended class may be required by the instructor to drop the course when space or equipment is limited and other students want to add that class. Students are not automatically dropped. This requires a student-initiated Add/Drop form.

Registered Students Who Fail to Pay Fees

Students are personally responsible for paying all fees at the time designated for each semester. Failure to pay fees or to confirm attendance by the due date may result in the loss of all classes. (Refer to pages 4-5 for deadline dates and explanations.) Any student who continues to attend class after the 15th semester day, even though attendance confirmation or payment has not occurred, is responsible for all charges related to that semester.

Make-Up of “I” Grades

An “I” grade make-up is reported by the department to the Registrar’s Office on a Grade Change form. Make-up of “I” grades must be accomplished by the end of the next semester of the student’s enrollment or the completion date indicated on the “I” Grade Authorization form. If the grade is not reported to the Registrar’s Office, the “I” reverts to an “F” grade, unless the instructor submits a written request for an extension of time.

Pass/Fail Elective Courses

Undergraduate students may elect to take some of their university courses on a “pass/fail” basis subject to the following restrictions:

1. Students can elect the pass/fail option only for courses that are outside their requirements for graduation. Pass/fail courses may not be applied toward completion of Core requirements. These restrictions do not apply to ACT activity courses.
2. A student may not register for more than one pass/fail elective course per semester, excluding one-credit ACT activity courses. Pass/fail requests cannot be accepted after the 10th day of university instruction.
3. Undergraduate students may take a maximum of 12 credits of pass/fail elective courses. This maximum does not include courses which are offered only on a pass/fail basis.
4. Students may register for pass/fail grading with written permission from their advisors, college deans, and the instructors of the course. The Registrar’s Office has forms for this purpose.

5. Students may change a pass/fail registration to a regular registration, or a regular registration to a pass/fail registration, prior to the end of the 10th day of university instruction. Students will follow the regular Add/Drop procedures, except that students changing to a pass/fail registration must also secure the written permission of the instructor and advisor (see 4 above).
6. Prerequisites will apply for all courses taken on a pass/fail basis.
7. The instructor's requirement to obtain a grade of "P" in the course must be submitted with the Request for Pass/Fail form.
8. The Graduation and Admission Requirements Committee will review petitions for exceptions to the pass/fail policy.

Graduate students should consult the online Graduate catalog (catalog.montana.edu/graduate) concerning pass/fail courses.

Deficiencies and "I" Grade Makeups for Graduating Seniors

All make-up grades, correspondence work, and transcripts must be completed and filed in the Registrar's Office at least one month before the end of the semester of expected graduation. Students must be registered at Montana State University the semester they complete their degree requirements.

Grade Reports

Grades will be processed at the end of the semester after all grade rosters have been submitted. Students wishing to receive their grades can access them via MyInfo.

Notification of Degree Candidacy

For students graduating in the Spring, applications must be filed with the Registrar's office by October 1. Students graduating in the Summer or the Fall must file their application with the Registrar's office by March 1. Former students, who are graduating the semester of their return, must submit this form by the 15th semester day.

Applications for a Baccalaureate Degree are available online.

Late Fee

Students who have registered on or before January 1, 2016, and who have not paid fees or confirmed their bill by 4:30 p.m. on January 8, 2016,, will be assessed a \$40 late fee.

Students who registered on or after January 2, 2016,, and who have not paid fees, confirmed their bill, or registered for classes by 4:30 p.m. on January 20, 2016,, will be assessed a \$40 late fee.

An additional \$40 will be charged to anyone paying fees, confirming their bill, or registering for classes after the 15th class day (February 3, 2016).

Suspended Students

Suspended students, who are reinstated or whose suspension is rescinded, must file an “Intent to Register” form with the Registrar’s Office.

Transcript Requests

For every transcript request, a fee of \$3 per copy will be charged. Fees and a signature must accompany the request for transcripts. Outstanding university bill(s) must be paid before transcripts will be issued to students with holds on their accounts.

Under normal conditions, requests for transcripts will be processed four to six working days after they are received in the Registrar’s Office. Transcript requests for registered students during Finals Week will not be honored until that semester’s grades are posted.

There are several options available for ordering transcripts. The first option is to send in a paper request form with check or money order to the Office of the Registrar. You can also order transcripts in person at the Office of the Registrar if paying by cash, check or Cat Card only. Another option available to you is to order a transcript through the National Student Clearinghouse by linking to their website through your MyInfo account on the MSU homepage. By following the link, this will serve as an authorization to release your information. Please be advised that there are fees associated with online ordering, as well as with rush delivery. To proceed with the online ordering option, please follow the steps below:

Go to MyInfo (<http://www.montana.edu/students/>), click on “Enter Secure Area” and enter your User ID and PIN. Once logged in, click on the “Student Services” tab. Follow the red link at the top of the page entitled “Official Transcripts.” On the next page click on “Go to Clearinghouse Site.” This link will connect you to National Student Clearinghouse’s website where you may order a transcript and pay with a credit/debit card. There, you will have the options to choose method of delivery and the speed at which you want the transcript sent. If you choose to have your transcript Rush mailed, the Office of the Registrar will process the transcript within one business day, but you still must account for mailing time through US Postal Service. If you do not wish to access the site through your MyInfo account, you may do so directly by visiting www.studentclearinghouse.org.

Telephoned, emailed, or faxed requests will not be processed. For more information, go to www.montana.edu/registrar/transcript/.

Student Electronic Communications Policy

All students currently enrolled at Montana State University are assigned an email address. Email is a mechanism for official communication within Montana State University. Official email communications are intended only to meet the academic and administrative needs of the campus community. Official university email accounts

will be created automatically for all enrolled students in MSU Google Apps where the students log on from the link for Student E-mail on the MSU home page (<http://www.montana.edu/students>) with their NetID and password. You can set your NetID password by visiting <http://password.montana.edu>. Students are expected to check their e-mail at least twice a week in order to stay current with university related communications. Students have the responsibility to recognize that certain communications may be time-critical. Faculty will determine how electronic forms of communication will be used in their classes and will specify their requirements in the course syllabus. Therefore, faculty can make the assumption that students' official e-mail is being accessed and they can use email, chats and message boards for their classes accordingly.

Refund Checks

Any refund due to a student as a result of financial aid, dropping credits, etc. will be dispersed by Direct Deposit or mailed to the student if the student has not signed up for Direct Deposit. To sign up for Direct Deposit, choose Electronic Billing & Payment from your MyInfo page, and click on Quik Pay. Note: Please be sure your addresses are kept current.

REGISTERING FOR COURSES

1. Consult with your advisor and review your DegreeWorks plans to identify the courses that you will register for in the upcoming term(s).
2. Go to the MSU student homepage at www.montana.edu/students/.
3. Click on the link to "MyInfo."
4. Click on "Enter Secure Area."
5. Enter your MyInfo user ID. This is either your student ID number with a dash in front of the first number (example: -01234567) or your Social Security number without any dashes (example: 123456789).
6. Enter your MyInfo PIN.
 - a. If you have never entered the secure area before, or if your PIN has been reset, your PIN is your birthdate. For example, if you were born on April 9, 1992, your PIN would be 09apr1992. Please note that this format is case sensitive, and must be entered without any spaces or dashes.
 - b. If you have entered the secure area before, then your PIN is whatever you have previously designated.
 - c. If you have forgotten your PIN, proceed to step 7.

7. If you have forgotten your PIN, enter your user ID as listed in step 5, then click “Forgot Pin?” The system will prompt you to answer the security questions that you had previously established.
8. For course registration, click on “Student Services,” then “Registration.”
9. You will be asked to verify or add a preferred email address and update your contact information; please do so.
10. You will be asked to either waive your Health Insurance (choose this option if you are currently covered by your own policy or your parents’ policy) or elect the school’s insurance.

Registration Option 1 Using CatCourse:

11. Click on “CatCourse.”
12. Select the term for which you intend to register.
13. Click on “Add Course” to select your courses. Note: you can search and select courses by subject, CORE category, or from a DegreeWorks Plan that has been locked and activated by an advisor.
 - a. When searching by subject or CORE, when a course is selected the course description, including any prerequisites, appears. Click “Add Course” to add this course to your list, which appears on the right side of the screen.
 - b. After all courses are listed, click “Save and Close.”
14. Click on “Add Break” to enter times during the day that you do not wish to take classes.
15. Back on the CatCourse homepage, if a blue bar appears under one of the courses on your list, this is an indication that this course has section-specific notes related to it. Click on “Options” to see the section-specific note and de-select or select certain sections of this course based on the notes.
16. Back on the CatCourse homepage, if a gold bar appears under one of the courses on your list or a purple bar appears under one of the courses on your list, this is an indication that this course has a prerequisite and/or co-requisite. Click on the information button to see what the prerequisite(s) and/or co-requisite(s) are. If you have not fulfilled the pre or co-requisite, you will not be able to register for this course.
17. After viewing any section-specific notes and pre or co-requisites, you are ready to generate schedules. Click on “Generate Schedules.” This provides all the possible schedule options from your list of courses and breaks.
 - a. Note: if any courses conflict, the specific courses and/or sections which conflict will be described at the bottom of the page.

18. To view schedules that are generated, you can:
 - a. Hover over the magnifying glass to see a color-coded view of schedules.
 - b. Check up to four boxes to “Compare” schedules side by side.
 - c. Click on “View” to see your detailed schedule options. Note: you must open a “View” of a schedule in order to “Send to Registration Cart.”
19. “Shuffle” allows you to shuffle your schedule results after generating schedules. Clicking the shuffle button will randomize the order that the schedule results are shown. Clicking the shuffle button again will revert the schedules back to their original order.
20. Tips to narrow the number of possible schedules:
 - a. De-select or select a specific section(s) of a course by clicking on “Options.” “Options” is available on the list of courses on the CatCourse homepage.
 - b. Lock a specific section of a course using the padlock icon. To lock a course, you must view a schedule. Once a course is locked the schedule results are automatically changed to be compatible with the locked selection(s).
21. “Send to Registration Cart” when you have selected a schedule. Then click “Register.” Note: you must have your registration (“Alternate”) PIN to register for courses, and you may not register before your designated registration time (see Registration Timetable on page18).

Registration Option 2 Using MyInfo:

11. Click on “Add/Drop Classes.”
12. Select the appropriate term and click “Submit.”
13. The next window to open will be the “Advisor Verification Number” page. Enter your “Alternate PIN” (often referred to as the “Advisor PIN”) and click “Submit.”

If you receive an error message indicating that registration is not allowed, check the **registration timetable** (page 18) to verify that you are indeed eligible to register at this time. If you should be able to register based on the timetable and registration status, but you are receiving a message stating that you are not, call the Registrar’s Office (406-994-6650).
14. If it is your time to register and you have no holds on your account, the next page to open will be the “Add Classes Worksheet.” If you know the CRN’s (Course Reference Numbers—see glossary for more information) of the courses you want, simply enter them into the boxes and click on “Submit Changes.” The system may be a bit slow as it has to gather data from many different areas, so please be patient.
15. To find a class while in the “Add/Drop Classes” area, click on the “Class Search” button. You can choose to search classes by subject, instructor, or time.

If there is a class in the class search that you want, check the box next to the course and click on “Register” at the bottom of the page. If there is no check-box, then the class is either closed, designated “Restricted Entry,” or requires “Consent of Instructor.”

In MyInfo, the classes you have registered for will show under the “Current Schedule” section of the Add/Drop page. If you want to drop a course from the schedule, simply use the drop-down menu under “action” so that “Drop on the web” shows, and click “Submit Changes.”

To see your schedule by day and time, use the “Student Schedule by Day and Time” link from the “Registration” page on the “Student Services” tab. If the week shown has holidays, not all your classes will show; just click on the “Next Week” link above the schedule to see a full week. You may also print this schedule

Once you have registered for classes, your bill will be automatically generated and will be viewable from the “Student Records” portion of MyInfo.

Common Registration Add Errors:

- If the system indicates that you have a **hold** on your account that prevents registration, go to MyInfo and click on “Enter Secure Area.” Following log-in, click the “Student Services” tab, then “Student Records,” and finally “View Holds.”
- Courses offered with **variable credits** (credits appear as a range, i.e. 1-12) will default to the minimum credit. To change the number of credits in MyInfo, click on the underlined credits, make the change in the box that opens, and select “Submit changes.” Credits may also be changed via an Add/Drop form.
- “**Link**” errors indicate you have not registered for a lecture/lab (ex: A1, A2) or a recitation/studio combination at the same time; that is, you need to register for the for-credit portion of the course and the additional, non-credit component at the same time (CHMY 121-001 at 4.00 credits and CHMY 121-018 at 0.00 credits). Please be advised that some courses have more than two components: a lecture, lab and recitation.
- **Time conflict errors** indicate that two or more of your classes overlap in time. You will either need to adjust your courses so there are no time conflicts, or bring a signed Add/Drop form to the Registrar’s Office for manual entry into the course.
- **Consent of Instructor** and **Restricted Entry** designations indicate that an instructor or department administrator is required to either register you for the course, or sign an Add/Drop form to be brought to the Registrar’s Office for manual entry into the course.
- **Closed sections** of a course indicate that all of the seats for the class are full or the Instructor is only allowing students in with an Add/Drop form.

- **Prerequisites** are courses which must be successfully completed before a student may register in a more advanced course (see course description for specifics). Test scores may also satisfy prerequisites. You must either have successfully completed (or be currently enrolled in) a prerequisite in order to register for the more advanced course. Be advised that if you are currently enrolled in the prerequisite and do not successfully complete it, you may be dropped from the advanced course. Courses taken in high school do not satisfy prerequisites.

INSTRUCTIONS FOR ADDING/DROPPING A COURSE AFTER YOU HAVE REGISTERED

1. To drop a course you have already registered for, select “Add/Drop Classes” from the Registration menu in MyInfo.
2. From the Add/Drop Classes menu, select the course under Current Schedule that you wish to drop. Select “Drop on the Web” from the pull down menu, then select “Submit Changes”.
 - a. Note the Last Day to Add courses using MyInfo and CatCourse is the 5th day of the semester. The Last Day to Drop courses using MyInfo is the 10th day of the semester. After these dates, students must submit an Add/Drop form with Instructor and Advisor signatures.
3. To Add additional courses after registering via CatCourse, return to CatCourse.
4. In CatCourse, notice the original courses you added are still listed and checked under Courses. To generate new schedules incorporating what you’ve already registered for, you must uncheck courses from this list that you wish to not be included in new schedule generations. You may add new courses as well.
5. The courses that you’ve already enrolled in appear under Current Schedule. You may uncheck these to generate new schedule options, but you still must drop courses under the Add/Drop menu in MyInfo.
6. Any courses remaining in your Registration Cart that have not been registered appear under Registration Cart. Uncheck these courses if you wish to generate new schedule options.
7. When ready, click “Generate Schedules”, click “View” on your preferred schedule, then “Send to Registration Cart”. Refer to CatCourse Instructions for further details.

FINAL EXAMINATIONS

SCHEDULES FOR FINAL EXAMINATION

Regular classrooms will be used for the examinations unless instructors make special arrangements through the Registrar's Office. Examinations in courses must be scheduled according to the class sequence. Announcements of time and room should be made by the instructor for all examinations. Rooms must be reserved with the Registrar's Office for "Common Final" examinations in order to avoid conflicts. Instructors will announce to their classes the rooms to be used for all common final examinations. Final examinations in one-credit courses are to be given during the last regular class period. For classes beginning 5:00 p.m. or later, final exams are given at 8:00 p.m. - 9:50 p.m. on Monday if your course meets M, W, or F, and on Tuesday if your course meets T or R.

Exception: No formal laboratory classes are held during final examination days.

Final examinations for all other courses are scheduled by the Registrar, and published online.

It is the policy of the university to consider the examination period as instructional time, and it is expected that some instructional use is made of this period even if a final examination is not given.

When a final examination is given, it must be given at the time shown in the examination schedule. However, under some circumstances an instructor may require that a student take an early final exam. The Dean of Students may authorize an "I" grade in cases of true medical or family emergencies which require the student to be absent during the Final Exam.

Final exams are listed by course number online at <http://www.montana.edu/registrar/Schedules.php>. These times will replace the meeting times that are determined by the regularly scheduled class meeting.

A student who has three (3) or more final examinations on any one day should first work with the instructors of the courses to see if one exam could be rescheduled. If this rescheduling cannot be resolved, then the student should contact the assistant dean of his or her college at least one week before the beginning of final examination week for assistance in resolving the conflict.

COMMON HOUR EXAMS

Departments may request common examinations in multi-section courses throughout the semester. The following is the Common Hour Exam policy.

Common Hour Examination Policies:

1. The nominal examination time may be from one to two hours.
2. For each Common Hour Examination, students will be excused from an equivalent period of instruction.

3. Requests regarding the date, duration, and room assignments for Common Hour Examinations must be submitted to the Registrar's Office by the 10th class day of the prior semester.
4. Departments must provide for make-up examinations or other equivalent means of evaluating the student who are absent from the scheduled examination for legitimate reasons.
 - 4.1. Make-up examinations for conflicts are to be given only to those students who, at the same hour:
 - a. Have another Common Hour Examination
 - b. Have a regularly scheduled class
 - c. Are engaged in an activity or event sanctioned in paragraph 310.01 of the Student Conduct Code. (Official student representatives with a regularly scheduled practice or meeting that conflicts with a Common Hour Exam see point 5 below.)
 - d. Sustained a personal emergency that prevented participation in the scheduled examination.
 - 4.2. During the third week of classes, the Registrar's Office will generate a list of the students who have conflicts among scheduled Common Hour Examinations (cf 4.1.a.). This list will be updated regularly after that date and made available to all instructors. A priority list for resolving conflicts between Common Hour Examinations (cf 4.4.) will also be published during the third week of classes.
 - 4.3. Students are responsible for identifying all conflicts. Apart from unforeseeable, personal emergencies (4.1.d.), students are required to confirm the need for make-up examinations with the instructor as early as possible, but no later than ten days before the scheduled examination.
 - 4.4. In the event of a conflict between scheduled Common Hour Examinations (cf 4.1.a.), the priority of scheduled versus make-up examinations will be determined by the priority list published by the Registrar's office. The order of priority will vary from semester to semester.
 - 4.5. Dates for make-up examinations will be arranged by the instructor. The examinations are to be equivalent to the original examinations as a means of evaluating the student. These examinations and their scheduling are to be non-punitive.
5. All faculty should consider the Common Hour Examination schedule when planning their own evening examinations and other activities. Common Hour Examinations take precedence over all activities that occur outside of scheduled class hours.

IMPORTANT CHANGE: COMMON HOUR EVENING EXAMS

CORE 2.0

University Core 2.0 Course Descriptions

The letter following the course number denotes core courses.

Foundation Courses

US - University Seminar W - College Writing

Q - Quantitative Reasoning D - Diversity

CS - Contemporary Issues in Science

Ways of Knowing Courses

IA - Inquiry Arts R - Research

IH - Inquiry Humanities RA - Research Arts

IN - Inquiry Natural Science RH - Research Humanities

IS - Inquiry Social Science RN - Research Natural Science

RS - Research Social Science

Example: CLS 101US Knowledge & Community, 3 cr., designates that this course is in the University Seminar Core 2.0 group.

The mission of **CORE 2.0** is to enhance students' use of multiple perspectives in making informed critical and ethical judgments in their personal, public, and professional lives.

Foundation: Students learn to think, speak, and write effectively; evaluate the oral and written expression of others; and use complex knowledge in making decisions and judgments.

Inquiry: Students are introduced to the methods used to discover and create the factual and theoretical knowledge of the discipline.

Research: Students experience the process of research or creative activity as a unique intellectual practice leading to a scholarly or artistic product.

COMPUTER ACCESS

MSU provides computer access for all students via the global student computer labs. The labs managed by Information Technology Center (ITC) are located in: Roberts Hall, Reid Hall, Linfield Hall, SUB, PE Center, Animal Bioscience Building, AJM, Renne Library, EPS, and Jabs Hall.

In addition to the global labs managed by the Information Technology Center (ITC), there are other labs provided by MSU academic departments and Residence Life. Most of these labs are supported by the Student Computer Fee.

MSU NetID accounts are automatically created for every registered student. These accounts are used to log on to the global lab computers as well as access wireless (non-public) on campus.

The link to get more information about the global labs is

<http://studentlabs.montana.edu/>

Tech help is available during normal business hours at the IT Services Desk in the 1st floor Library Commons area, and some extended hours at the Reid and Roberts student labs. You can also visit **www.montana.edu/itcenter** for complete campus IT information or you may submit a question to the IT Services Desk by emailing **helpdesk@montana.edu** or calling 994-1777.

BILL CONFIRMATION (FEE PAYMENT)

You can confirm your bill (pay fees) through the mail (Box 172640) or e-mail (studentaccounts@montana.edu) without having to stand in line. You can also confirm your bill on the Web in “MyInfo” and pay your bill online via credit card or e-check.

Procedure: In early December we will assess fees for all registered students and continue assessing daily. You must go online in “MyInfo” to view your Web bill. Student Accounts does not mail copies of bills to students. It is the students’ responsibility to view their balance online and confirm their bill (pay fees) by the deadline date.

It will be necessary to have your bill confirmed by January 8, 2016, for Spring Semester, **even if your balance is zero**. This can be accomplished in several ways:

- 1. If all costs are paid by you**, send your check and/or money order in the mail with a copy of your Web bill. **DO NOT SEND CASH IN THE MAIL!** Your payment **MUST** be received by January 8, 2016.
- 2. If all costs are paid by you** and you wish to pay by credit card (Visa, Master Card or Discover), you can view your bill on-line and pay on-line by credit card or e-check no later than January 8, 2016. Note: no cost to pay online!
- 3. If part or all of your costs are paid by other sources** (i.e. financial aid, athletics, vocational rehabilitation) and there is a remaining balance, you **MUST** pay that balance in one of the two ways listed above by January 8, 2016.
- 4. If all your costs are paid by other sources** (i.e. financial aid, athletics, vocational rehabilitation) and you owe nothing (zero), you **MUST** still **“confirm your bill”** on the Web in “MyInfo” by the deadline of January 8, 2016.
 - If you are **NOT** planning to return and have not paid fees for Spring Semester 2016, please call the Registrar’s Office at 406-994-6650 to drop all of your classes.
 - **Tuition Payment Plan:** This plan permits qualified applicants to pay a minimum of one-fourth of the applicable university charges at the beginning of the semester with the balance being deferred until later in the semester. A nonrefundable processing fee is assessed for each approved application. Tuition Payment Plan applications or additional information may be obtained from the Student Accounts Office in person or on the Student Accounts Office Web site.

Optional Fees

For students taking six credits or less **ONLY**.

These fees are regularly assessed to full-time students, but not to those students taking six credits or less. The option to pay is available if the following services are desired:

Health and Dental Fees

This fee allows students to use the Health and Dental Services, as well as the pharmacy.

Athletic Fee

This fee is used to support the Bobcat Athletic Program. It allows students to receive free or discounted tickets to all MSU athletic events.

Associated Students of Montana State University (ASMSU) Fees

These fees include the following:

1. ASMSU Activity Fee provides for the operation of the student government and its committees. Students paying this fee may vote, use the ASMSU Legal Services, and use the ASMSU Tutorial Services.
2. ASMSU Intramural Fee contributes to the operational cost of intramural facilities and programs. Students paying this fee may participate in intramural programs and use intramural facilities.
3. ASMSU Bus Fee funds the Streamline Bus Transit (www.streamlinebus.com) which students may use.
4. ASMSU Student Sustainability Fee contributes to the promotion and implementation of sustainability practices.
5. ASMSU Student Organization Fee supports Registered Student Organizations.
6. ASMSU Press Fee provides funding for the student Newspaper, *The Exponent*.
7. ASMSU Student Leadership Fee provides funding for the MSU Leadership Institute.
8. ASMSU Outdoor Recreation Fee provides funding for the Outdoor Recreation Program.

Program Fees

Note: All fees subject to change with Montana Board of Regents approval.

- Students who have declared a major, minor, or double-major in Film and Photography are charged a program fee of \$320 per semester beginning their sophomore year.
- Students who have declared a major in Art are charged a program fee of \$182.00 per semester.
- Students who have declared a major in the College of Engineering will pay an additional program fee each semester (\$89.40 for freshmen, \$127.85 for sophomores through graduate level, and \$50.75 for all levels during the summer).
- Students who have enrolled in a class within the Jake Jobs College of Business and Entrepreneurship will pay an additional \$21 per credit for each course.
- Students who have declared a major in Music Technology will pay an additional \$143.50 program fee each Fall and Spring semester.
- Students enrolled in Graduate Nursing classes will pay an additional \$55.10 per credit.
- Undergraduate nursing students will pay an additional \$35.00 per credit.
- Students who have enrolled in a Math or Statistics course will pay an additional \$5.75 per credit for each course

TUITION PAYMENT PLAN

The Tuition Payment Plan is an installment plan available for qualified applicants who are unable to make full payment of current semester tuition, fees, and/or room and board charges on regular fee payment day. This plan is available to all students with these exceptions: students whose financial aid is ready at fee payment day and is equal to or greater than fees charged, students who are in default on a Perkins/Nursing loan, or students who have a poor repayment history at Montana State University in Bozeman.

General Instructions

1. Go to <http://www.montana.edu/wwwbu/studentaccts.html> and click on the Tuition Payment Plan link for information on how to submit an application. A nonrefundable processing fee will be added for each approved application. **Application Deadline for Spring 2016 is January 8, 2016.**
2. Please note: All available financial aid credited to your university account will be applied to the total charges for the semester. The remaining balance will be divided into 4 payments with the first payment due on January 8, 2016. A late fee will be assessed for each installment payment which is late.
3. Payment Plan installments, as well as any other outstanding charges due Montana State University-Bozeman, are to be RECEIVED on or before the due date.

SPRING

Second installment payment due February 1

Third installment payment due March 1

Fourth installment payment due April 1

FALL

Second installment payment due October 1

Third installment payment due November 1

Fourth installment payment due December 1

Montana State University reserves the right to reject or decline any application and to require a guarantor on any tuition payment plan.

March 31, 2016	Priority application date for Summer Session 2016
June 30, 2016	Last day to apply for Summer Session 2016

Fall Semester 2015

In order to apply for financial assistance for Fall Semester 2015, you must complete a 2015-2016 Free Application for Federal Student Aid (FAFSA). You can fill out the FAFSA on the Web at www.fafsa.ed.gov. For Fall Semester 2015 aid consideration, MSU must receive your FAFSA data from the Federal Processor no later than November 15, 2015. You must allow sufficient time for Financial Aid Services to complete all awarding and disbursing steps prior to the end of the semester.

Satisfactory Academic Progress

To receive financial aid, you must meet all Satisfactory Academic Progress Policy standards. This policy is available at Financial Aid Services and on the Web at www.montana.edu/wwwfa. It is your responsibility to know if your academic performance meets the standards.

Change in Enrollment Status On or Before the 15th Class Day

The disbursement of your aid is contingent upon the number of credits for which you are enrolled at the time your aid is disbursed. If your enrollment status changes on or before the 15th day of university instruction due to your dropping credits after financial aid funds have been disbursed, including any retroactive drops with an effective date within the first 15 class days, you may have received funds that you were not entitled to receive. You will receive a bill from the Student Accounts Office for any overpayment made to you.

Withdrawing from Classes After the 15th Class Day

If you withdraw from some, but not all, of your classes after the 15th day of university instruction, earning a "W" (withdraw) in the class(es), your current financial aid may not be affected. However, grades of "W" are not considered passing for purposes of the Satisfactory Academic Progress Policy and may affect your future financial aid eligibility.

Withdrawing from the University

If you have confirmed your bill (accepted your charges/paid fees with the Student Accounts Office) and you decide to stop attending classes at MSU, you must officially withdraw from the university by contacting the Office of Student Success, room 177 Strand Union Building (undergraduate students), or the Graduate School (graduate students). If you withdraw from the university and are assigned no grade prior to the 15th class day or a grade of "W" after the 15th class day, then an official withdrawal has taken place. For financial aid purposes, the withdrawal date will be assessed by your first date of contact to the respective offices listed above. The institution may use any date they deem acceptable in considering potential refunds for university charges. These two dates are not interchangeable and the Financial Aid Services withdrawal date is not negotiable. If you never attend any class, make this known upon completing your university withdrawal.

If you received a combination of passing and non-passing grades, and your schedule includes courses with start and/or end dates outside of the standard course calendar, it may be determined that you unofficially withdrew if you did not complete your last scheduled class.

If you earned all non-passing grades ("F", "I", "N", "W", "NR") at the end of the semester, it is determined that you unofficially withdrew and the amount of Title IV aid to be returned for the payment period will be calculated based on the latest date recorded as "last date of attendance" by your professor(s). If your "last date of attendance" cannot be determined, the amount of Title IV aid to be returned for the payment period will be calculated as if you withdrew at the 50 percent point of the semester.

The date of official or unofficial withdrawal, the type and amount of financial aid received and the amount of your original charges are factors used to determine the aid repayment amount. For more complete details on the calculation performed please contact Financial Aid Services.

If you received funds for which you were not eligible, you will receive a bill from the Student Accounts Office and a Financial Aid Revision Notice from Financial Aid Services. If you have any student loans, your loan servicer(s) will be notified of the change in your enrollment status. In keeping with the terms of your loan promissory note, you are expected to notify your loan servicer(s) regarding any changes in address or enrollment status.

If you are one of the few students who are eligible for a post-withdrawal disbursement, you will be sent a letter of notification of your eligibility. Your response must be returned within 14 days from the date of the notice, or the offer will be rescinded.

If you plan to return to MSU in a subsequent term during the award year, please notify Financial Aid Services.

University Charges and Financial Aid

Your university charges for the semester will be posted to your university student account maintained by the Student Accounts Office. You should receive an e-mail notification from the Student Accounts Office when your bill is processed. Provided you meet all qualifications to receive financial aid funds, any scholarship, grant, or loan funds awarded to you will be applied towards the semester's charges through a credit to your university student account. Your student account/bill includes allowable charges (current semester tuition, fees, other education-related charges, and institutional room and board) plus any minor prior-year charges of up to \$200 or any other charges assessed by the university such as library or parking fines. Work Study awards or private checks received by the university but payable to you will not be reflected on your bill.

Bill Confirmation/Fee Payment

University charges must be confirmed (paid in full) by the date established by the Student Accounts Office. If you do not Confirm your Bill (pay fees) for Fall Semester by the date established by the Student Accounts Office, it will be assumed you are not attending. This will result in the cancellation of your classes and financial aid. Reinstatement of classes or financial aid will be based on availability at the time reinstatement is requested.

Refund Checks

If your financial aid exceeds your university charges, the Students Accounts Office will refund (pay) the difference to you provided you meet all eligibility requirements. Refunds are generated by the Student Accounts Office as soon as possible at the beginning of each semester. Refunds will be by Direct Deposit or mailed to the student if the student has not signed up for Direct Deposit. To sign up for Direct Deposit, choose Electronic Billing and Payment from your MyInfo page, and click on Quik Pay. Please contact the Student Accounts Office regarding any questions you may have about the amount of your refund or when your refund will be processed.

The Student Accounts Office will not release a refund check unless (1) all required financial aid documents and promissory loan notes are completed and returned to the Office of Financial Aid Services, and (2) you have Confirmed your Bill (paid fees) with the Student Accounts Office for the term.

Short Term Loan

This is a loan which permits a student, who may be experiencing temporary difficulties, to borrow a small sum of money for a short period of time. No collateral is required for a short-term loan, although the student must identify a reliable source of repayment and pay a \$30 loan application fee. In addition, a student must have a cumulative grade-point average of 2.0 or better at MSU, be enrolled for at least six credits as a degree-seeking student, and have a satisfactory repayment record with respect to any previous loan(s) received.

The university reserves the right to reject or decline any application, to determine the amount and a date of repayment for any loan approved, and to require a guarantor. Applications and other information regarding the short-term loan program may be obtained from Financial Aid Services. Allow a minimum of three (3) working days to process a short-term loan application which must be submitted at least one month prior to the end of the term.

Book Loan

This loan is designed to assist students with money to buy books at the MSU Bookstore before refund checks are distributed. Financial Aid Services has to verify that each student requesting a book loan has adequate funds after university charges are paid to cover the costs of the loan.

Funds borrowed are deposited to the student's CatCard no earlier than 10 days prior to the beginning of the term. When the student's financial aid is disbursed, it is applied to the book loan as well as a nonrefundable loan processing fee of \$30. This loan may be requested from Financial Aid Services.

Confidentiality Statement

The Family Educational Rights and Privacy Act (FERPA), a federal law that protects the confidentiality of a student's educational record, and State of Montana statutes, specify that the university may not release information from a student's record to anyone outside the university without the express written consent of the student. These confidential records include financial aid, scholarship, and billing/account information. If you wish to authorize university personnel to release confidential account information to another person such as a parent, you will need to complete the Authorization to Release Financial Information form. The form is available in Financial Aid Services or on the Web at www.montana.edu/wwwfa.

GLOSSARY

Add/Drop Form: You may add classes online until midnight on the 5th day of the semester, and you may drop classes online until midnight on the 10th day of the semester. If you want to add or drop classes past the online deadlines, you must fill out an Add/Drop form, obtain the necessary signatures, and return it to the Registrar's Office.

Advisor: Meet with your advisor to discuss which courses you should take and to plan your program of study. Your advisor will also provide you with your **Advising and Registration Form (ARF)** containing the alternate PIN needed for course registration.

Alternate PIN: When adding and/or dropping classes within the secure area of MyInfo, the system will prompt for the alternate PIN. This is a number on the student's PDF that must be entered the first time classes are added or dropped via MyInfo. Often referred to as the "Advisor PIN."

ARF (Advising and Registration Form): This is the form a student receives prior to each registration period. The student's advisor provides the form, and on the form, along with helpful instructions and useful information, is the student's "alternate PIN," often referred to as the "Advisor PIN." A student cannot register for courses without an Alternate PIN.

Audit: You may enroll in a course and audit it, with the permission of the instructor. You will earn zero credits and receive a grade of "AU." You may decide to audit a course up through the 10th class day of the semester. Auditors pay the same fee as students enrolled for credit.

CRN: Course Reference Number. Every course has this number as a unique identifier. Use the CRN when adding and/or dropping courses.

DegreeWorks: A Web-based degree audit and tracking system for students and advisors to monitor progress toward degree completion.

Desire2Learn (D2L): The learning management system used by MSU to offer fully online, blended and web-enhanced courses.

Holds: Holds (financial, academic, etc.) may be placed on your record preventing you from registering for courses, ordering transcripts, or other activities. You may check for holds in the Student Services section of MyInfo.

Learning Management System: A teaching and learning software application, often web-based, used to develop, deliver and manage courses.

MSU NetID Account: Your MSU NetID account is required for many services on campus that require authentication: MSU-Secure Wi-Fi, Student Lab and SUB Computers, Desire2Learn, iClicker registration, Remote Library use, free McAfee Antivirus, Email/Google Apps, VPN (remote access), and Z Drive network file storage. You can set your NetID password by visiting password.montana.edu.

Online definitions –

- **Online course:** Any course in which all of the required content and interaction take place online.
- **Blended course:** This label refers to a course that is conducted partially online and partially through face-to-face (F2F) interaction to serve a primarily off-campus audience. Both online and F2F activities are required, and there is significantly reduced F2F class meeting time in a blended course compared to the equivalent credit classroom course.
- **Web-enhanced course:** Web-enhanced courses are traditionally scheduled face-to-face class meetings enriched by required use of online tools (such as discussion, chat, gradebook, etc.). In a web-enhanced course, there is no reduced classroom time; in a blended course, there is.

PIN: A Personal Identification Number (PIN) is a security code needed to access your student records and other information via the secure area of MyInfo. Initially, your MyInfo PIN is set to your birthday. If your birthday is January 15, 1982, then your PIN will be 15jan1982. You need a PIN to enter the Secure Area of MyInfo. For help with your PINs, go to <http://password.montana.edu>.

Restricted Entry: To enroll in a Restricted Entry (Consent of Instructor) course, you must contact the department offering the course.

Retroactive Withdrawal Policy: A retroactive university withdrawal may be an option for students who were unable to complete a university withdrawal during the semester of their departure from the university. Students who are granted a retroactive university withdrawal receive “W” grades in all courses for the term/semester requested. Requests for retroactive withdrawals must be submitted no later than three years from the last day of the semester for which the withdrawal is sought. For policy and procedure information, contact the Dean of Students at www.montana.edu/wwwds.

Variable Credits: Requests for courses offered with variable credits (credits appear as a range, i.e., 1-12) will default to the minimum. To change the number of credits in MyInfo, click on the underlined credits, make the change in the box that opens, and select “Submit Changes.” Credits may also be changed with an Add/Drop form.

For assistance, call the Registrar’s Office, Monday – Friday, 8a.m. – 5p.m. at (406) 994-6650.
