

WEB REGISTRATION TIMETABLE – SPRING 2012

Spring Semester 2012 Registration Access – You’ve Been Heard!

Initiated by students and to support progress toward degree completion, access to registration will be based on your **earned credits and class standing**. This access to registration removes the previous randomly assigned access dates, and enables students to better plan academic programs as they work toward degree completion. Be sure to check the Registration timetable so that you see your advisor before your listed registration start date. Your registration access begins on the assigned date, but continues through the 5th day of Spring Semester.

UNDERGRADUATE REGISTRATION SCHEDULE FOR FALL & SUMMER 2012
