

On-Demand Plus Conferencing

On-Demand Plus Conferencing is an automated, reservationless phone conferencing service that gives you the ability to manage your meetings more effectively. By integrating the convenience of the web with traditional audio conferencing, On-Demand Plus Conferencing allows you to communicate easily, reliably and with peace of mind.

On-Demand Plus Conferencing is Simple

The Conference Depot On-Demand Plus Conferencing uses everyday tools – a phone and computer – to make your meetings more effective. When you sign up, The Conference Depot will send you a personalized ID card printed with all the information you'll need. You can make conference calls anytime from anywhere, without a reservation.

On-Demand Plus Conferencing is Flexible and Scalable

The Conference Depot On-Demand Plus Conferencing is available on-demand with no need to schedule in advance. Simply start a conference anytime using an 800 number and conference Room Number that never changes, or record conferences for later playback and review.

On-Demand Plus Conferencing is Integrated

The Conference Depot offers a truly integrated audio and web solution. Integrated phone and web features means saving time and money when you enlist the services of a single provider. With The Conference Depot you get one phone number, one conference Room Number, one tech support team, one bill and one solution.

The Conference Depot is about Customer Support

Our customer support team is available 24 hours a day, seven days a week, 365 days a year. Our team is ready to answer your call or email at any time.

On-Demand Plus Features

Instant Access	No scheduling required
Dedicated Room Number	Use the same access number for all your conferences
Capacity	Support up to 125 users on the phone and up to 2,500 on the web
Web Presentations	Share and control visual presentations using Microsoft PowerPoint®, Lotus Freelance® or Corel Presentations®
Live Webcasting	Broadcast your conference to up to 2,500 people online through your phone
Conference Controls	<i>Dial Out to Participants</i> – Invite anyone or have someone join during the On-Demand Plus conference <i>Mute/Unmute Participants</i> – You decide who is heard <i>Lock Conference</i> – Secure your conference, lock out unwanted participants <i>Conference Notes</i> – Take notes for your own records
Participants Lists	Know who is on the phone and who is on the web
Roll Call (option)	Announce participant's names as they enter the conference
Conference Continuation	Keep the conference going even after the moderator has disconnected
Submit Questions	Participants can submit questions by typing to the moderator on the web
Recording Conferences	Record a conference using the phone or web for later playback
Unified Billing Codes	Track conferences costs back to clients or internal projects by assigning billing or project codes for each conference
Security Passcodes (option)	Add passcodes to a conference to ensure no unwanted participants gain access to your meeting
Reporting functions	<i>Conference Summary Reports</i> – Conference moderators can go online to view an email summary report detailing participant lists, slide flips, login times and durations of attendance <i>Usage Reports</i> – Online usage reports display the names and email addresses of participants who view an archived conference, allowing the moderator to track who has accessed their archives
