

TRiO

STUDENT SUPPORT SERVICES

Welcome to a Mid-Summer Edition of the TRiO Times

Team TRiO wishes everyone the best and hopes the summer is delivering all the the wonderful opportunities you had wished for.

We welcome several new TRiO SSS scholars and are pleased to have you in the program as we prepare for an invigorating fall semester.

This special edition of the TRiO Times serves to update current scholars on interesting opportunities and provide a reminder of resources available to newer TRiO members. Once you are enrolled in the TRiO SSS program, there is no need for ongoing students to reapply.

\$\$ JOB OPPORTUNITY \$\$

Get PAID by Becoming a Smarty Cats Tutor!

Students who have passed a course with a B+ or better can apply to become a Smarty Cats tutor. It takes a bit of planning and effort on your part, but the advantages are many:

- * You determine the times you can tutor according to your schedule
- * You can make up to \$12/hr.
- * You reinforce your competence as you share the material

Here's the link to the [application](#). You must get your professor's signature for each class for which you're applying and attend a tutor training. Apply by July 22 to attend a tutor training just for TRiO scholars.

Try Ed Ready Montana

TRiO engineering student Carter McIver says, "The Ed Ready math course I took was better than any other online program I've used."

[Subscribe](#) to our email list

courses help prepare you for class in the fall, or begin taking them now, and improve your score on the Math Placement Test take at Orientation. By preparing, you can save yourself time and money by testing beyond your current math proficiency level.

If you work at the Ed Ready modules for 3-4 hours a week for 1 month, you can successfully complete one full math level. Apply [here](#).

Become a TRiO Mentor

Do you remember what it was like to be a freshman finding your way around campus, new classes and fresh friendships? It helps to have someone to talk with that's been through it. That's why we are recruiting a few TRiO SSS scholars to mentor incoming freshmen. You will be invited to their Smart Start orientation (August 22-23) and a TRiO mentor training on August 19 or 21.

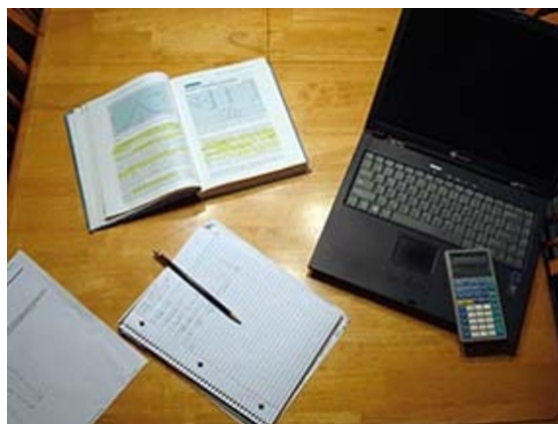

Call Megkian Doyle at 994-7489 or email her at doyle@montana.edu if you are interested.

32 Most Innovative Online Educational Tools

Some of these you may know about; some may be new. See which ones look like they will be helpful to you and your learning style. Here's the [link](#).

10 Free Online Study Tools Every Student Should Know About

Here are some free assists that you might want to explore. Check them out [here](#).

RESEARCH OPPORTUNITY!

Be a subject or learn to conduct research through the Undergraduate Scholars Program

Here are two excellent opportunities to explore —

Women in STEM are eligible to participate in student-led research by taking part in a 10-15 minute survey.

You will be entered to win one of four \$50 Amazon gift cards. Find out more [here](#).

Explore and conduct research with Dr. Jessi Smith in the Motivation and Diversity Lab in the Psychology Department in [Psyx 490](#).
