The College of Education, Health and Human Development has requested approval for a commemorative plaque to be placed at the observation area in Herrick Hall, in memory of Vivienne Finley Cookson, a 1937 Home Economics Graduate. The plaque is being donated by George Cookson.

On April 13, 2011 the Commemorative Tributes Committee approved the plaque. The plaque will look similar to other plaques used for the same purpose in the building. A layout of the plaque text is provided below as well as an example of another plaque which it will resemble.
The text for the plaque will read:

STAFF COMMENTS:

UFPB Members.
The members of the UFPB committee have been asked to rank their suggested top 10 Long Range Building Program (LRBP) project for our next meeting.

At the conclusion of the LRBP presentation at the last meeting, discussions regarding the Long Range Building Program process and the UFPB’s role within this process were brought forward. It was established that in accordance with the Duties of the Board, the UFPB shall “Review and participate in establishing priorities for the MSU Long Range Building Program.” (Section 2: Function, of the Role and Scope).

The committee members agreed that each member should prioritize and rank their suggested top ten (10) projects from the LRBP 2013 Preliminary Project Inventory. At the August 2 meeting the board will by consensus develop a recommended project priority list which will be forwarded to President Cruzado for her review and consideration in establishing the final LRBP project recommendations for the Bozeman campus. A copy of the Preliminary Project Inventory can be found at:

https://www.facilities.montana.edu/committees/files/265/ufpb20110719a.pdf

We ask that you please provide your priority list to Matt Hume matthew.hume@montana.edu no later than 5 pm on Friday July 29th (next week). We will then insert the recommendations into an evaluation spreadsheet which will be distributed to the Board members in advance of the Tuesday meeting. Should you have any questions or comments regarding the process or schedule please do not hesitate to contact me at wbanziger@montana.edu or x 6326. We appreciate your attention and efforts in this process.
