Rural/Underserved Continuity Communities
- TRUST aspires to take students from rural or underserved communities, nurture a connection and return the physician back for practice

Residency (Including Rural Training Tracks)
- TRUST graduates choose Primary Care residency programs or selected specialties that practice in rural or underserved settings.
- TRUST works to develop close connections with regional residency programs
- Continue Continuity Community Linkages

Year Four
- Continue Continuity Community Linkages
- Underserved Pathway
- Rural Clinical Elective
- Residency Linkages

Admissions
- Students apply to the UWSOM and are admitted as TRUST Scholars via a separate admissions process
