You will need to update your username to netID@msu.montana.edu in order to connect to MSU-Secure and the MSU VPN.

**MSU-Secure Wireless**
1. Click the **Wi-Fi icon** located in the menu bar.
2. Click **Open Network Preferences** ...
3. Click the **Advanced** button
4. In the list of **Preferred Networks**, delete any **MSU** connections.
5. Click **OK**.
6. Click **Apply** and then close the window
7. Go back to the menu bar and click the **Wi-Fi icon** again.
8. Select **MSU-Secure**.
   You will be prompted for a user name and password.
9. Enter:
   - User Name: netid@msu.montana.edu (m22e333@msu.montana.edu)
   - Password: NetID password.
10. Click **OK**.
   IF you are prompted to Verify Certificate:
11. Click **Continue**.

Your connection to MSU-Secure should be established.

**VPN**
1. Open **System Preferences**.
2. Click **Network**.
3. Click your **MSU VPN** connection in the left sidebar (or whatever name you’ve given it).
4. Change the Account Name to netid@msu.montana.edu.
5. Click **Authentication Settings**.
6. Re-enter your **NetID password**.
7. Click **OK**.
8. Click **Apply**.
9. Click **Connect**.
