

Language Placement

Taking a language course can be exciting, informative, and fun. Your proficiency in another language can also distinguish you from other job candidates who have the same or a similar degree.

Language study is also a great way to earn diversity credit. Language levels 102D, 201D and 202D meet the Diversity Core requirement.

You are *required* to take a language if you fall into one of the following categories:

- **You are an Honors College Student**
- **Your major requires it**
