

COHOUSING IS STARTING IN BOZEMAN!

Public Presentation:

Come learn about creating community-focused housing in Bozeman.

Cohousing is:

- Similar to an old-fashioned neighborhood where you **KNOW YOUR NEIGHBORS**.
- Neighborhoods **CREATED BY THE FUTURE RESIDENTS** to support their own goals and aspirations.
- A type of neighborhood that provides access to both **COMMUNITY AND PRIVACY**.

APRIL 25TH | 6:00 PM
LINDLEY CENTER | FREE!

PRESENTERS:

Mathilde Berthe has designed cohousing communities across the US and helped found an organization dedicated to advancing cohousing in France.

Erik Bonnett has designed cohousing communities across the US, including in Spokane. He has lived in several intentional communities and is teaching an architecture studio at MSU exploring cohousing in Bozeman, which will be on display.
