Get to Know Yourself - Let Us Know How You Want to Start Doing That!

We are now deep into our first scholar opportunity Inspired by Stephanie Land's convocation message of **get to know others - and begin to get to know yourself and create your own story**

Yes, I want to learn more about myself!

Click on the above button by Friday, October 6th and tell us your interest in taking the **Schwartz's Values**, **StrengthsFinder**, and **Strong Interest Inventory** assessments.

Based on your interest, we will meets as groups, debrief your assessments, and ideate on how you can use what you discover in your MSU and career paths.

Accept the Invitation to Join Discord!

AccessSuccess Discord Server is a GO!

Remember how great it felt at the Welcome Event when scholars shared what is going on in their lives? You can now do that 24/7 with the new AccessSuccess Discord Server. You can read all about Discord on their website, but the short version is this is a place where you can chat anytime with your fellow Montana's Own/1893/R2L Scholars. This is an opt-in opportunity so if you want to start networking click on the button at the right.

If you already have discord, you will be taken straight to the AccessSuccess server. If you don't already have discord, you will be given instructions to download it. <u>If you have any problems, email Will.</u>

This is a <u>safe</u> and <u>inclusive</u> space for Montana's Own, 1893, and Retturn-to-Learn scholars only. Please do not share this invitation with people outside the programs. Content will be monitored and users creating inappropriate content will be taken off the server.

Put On Your THINKING CAP: Urban Camping in Bozeman and Beyond

Today, there is hardly a neighborhood in Bozeman where you do not see the evidence of the lack of affordable housing options in Bozeman. Somewhat picturesquely named "urban camping," these pop-up communities include the RVs, busses, and tents parked on public roads. This housing challenge is an issue we should all pay attention to. Many of us have friends and family who are currently unhoused or on the brink losing their current housing. Many of us may live 30 or more miles away from Bozeman, where housing cost are less expensive.

This week's THINKING CAP challenge is to better research and understand this issue in Bozeman.

What has brought Bozeman to this brink?
What steps has city government taken?
Do you think they will work? Why or why not?
Who else is working on this issue and how successful have they been?
What can you and other members of the MSU community do?

What issues do you want to explore? **Email Deb your ideas**.

We want to feature YOU in upcoming newsletters!

Answer the Questionnaire

What is the most important reason you decided to attend MSU? MSU has the best HDFS program in Montana What is your most treasured possession? The Kreeps pin on my backpack that my fiance gave me.

If time and money were not a consideration, what hobby would you take up? Magnet Fishing

What Montanan do you most identify with or admire? J.K. Simmons. His J. Jonah Jameson resonates with me.

What is your current state of mind? Jumbled

If you had one piece of advice for MSU students, what would it be? Reach out for help. Asking for help is not shameful **What is your motto?** If life knocks you off your horse, you get back up and eat that horse.

Montana's Own Scholar Graduation: May 2024

What is the most important reason you decided to attend MSU? Get through school as debt-free as possible. Set myself up for a promising career.

What is your most treasured possession? Right now, Army Basic Training Graduation Ring

If time and money were not a consideration, what hobby would you take up? Professional Dancing: Ballet or Ballroom

What Montanan do you most identify with or admire? Bob Quinn

What is your current state of mind? "It'll work itself out in the end, it'll be alright, just give it your best, don't sweat it, just get it done."

If you had one piece of advice for MSU students, what would it be? Apply for Cat Scholarships. One applications and they come to you. Least amount of effort, biggest reward.

What is your motto? "Do something today that your future self will thank you for"

What is the most important reason you decided to attend MSU? To start a new chapter of my life and escape the monotony I found myself in before 2020. I wanted to get healthier mentally, I wanted to learn more about the far past and in a way learn more about myself and my passions. What is your most treasured possession? I would probably say my shell fossil necklaces and ammonite earrings. They practically shout "HEY! FOSSILS ARE COOL AND STUFF!" at people, and so I like wearing them when I go to meet people for the first time.

If time and money were not a consideration, what hobby would you take up? Weirdly enough, modern bone collecting of wild animals (so long as they're relatively clean and fairly obviously dead from natural causes of course). I think lately I've come to realize that I really just like bones, and I like seeing how they can connect to form a skeleton and give a hint of what kind of animal it belonged to. It's also very interesting how analogous hooved animals' bones are to ours, and learning the differences in their shape and form is cool!

What Montanan do you most identify with or admire? Growing up in Butte, I've honestly come to dread how much of Montanan (or at least Buttian (hehe) history) is clouded by corruption, pettiness and greed. I will also admit that we don't learn much about other historical Montanans in Butte, so I don't have much context for other Montanans. So instead I strive to eventually come to admire my own accomplishments and gain a better respect for myself as a Montanan. It might sound self centered to say so, but I'm actually trying to improve my own self esteem and self worth in saying so. I'm hoping to prove to myself that I can do things I strive for if only to spite the mirror I've seen myself through the past 2 decades or so.

What is your current state of mind? Part of me is relaxed and relieved that I've actually given myself the weekends off, a first for the last several years! Part of me is not used to having days to sleep in though, so sometimes I find myself having the most bonkers sleep schedule for the weekend, which is just an absolute delight. Part of me is super stoked that I've only got a few more classes left to go over the next few semesters, but another part is trying to reign me in a bit and ground myself in the now, to complete the classes I have before me. Part of me is excited to think of myself now as a crazy bone lady, but part of me is concerned about if that's all I want out of this...but perhaps that just means there are still more secrets I get to learn about myself that I have not yet discovered on my own!

If you had one piece of advice for MSU students, what would it be? Don't stress yourself out too much, or stretch yourself thin. Yes, your studies may be a top priority, but your mental health and how you feel should be your main concern. Give yourself a day or two to relax! And if you feel you have enough time to do homework on those days then go for it! Also don't worry if a part time job you have during work ends up not working out, it's just a j.o.b. It might suck if you get fired or laid off (it's happened to me a few times by now, and hoo Nelly its painful) but maybe it means you can look to other avenues of work that might be more fun for you!

What is your motto? It's okay to be a WIP (work in progress): even the early stages of art are impressive and remarkable in their own way.
