# Jabs International Business Minor Worksheet & Advisor Approval Form

Catalog Years: 2017-2023

Upon completion of the International Business (IB) Minor, you should be able to explain fundamental concepts associated with conducting business internationally, including in economics, management, finance, marketing, and intercultural competence. The minor consists of 30 credits, with 21 credits of required courses and 9 credits of elective courses with a geographic or subject matter focus. Foreign language study is not required but is strongly recommended. Students pursuing the minor are also encouraged to study abroad and/or engage in other intercultural experiences.

If you're interested in the IB minor, please make an appointment with an IB minor advisor to review the course and complete this form. The completed form may be submitted at any time, but no later than one year before you graduate [for business students, at the same time you submit your pre-graduation worksheet (PGW)].

### IB Minor Advisor: Dr. Myleen Leary, myleen.leary@montana.edu, 406-994-6203, Jabs 340

After you've met with Dr. Leary, you will also need to officially declare your IB minor so it appears in DegreeWorks. You can find the change of curriculum form here: Electronic version of this form:
