

## **POSITION OPENING FOR STRUCTURAL ENGINEER**

Bridger Engineers, Inc. is offering an exciting opportunity for a full or part-time Structural Engineer Intern in Bozeman, MT. Bridger Engineers is a small, diversified engineering firm located in Bozeman, Montana for 25 years providing quality structural and civil engineering services primarily within the northwest United States. We take pride in the education and experience of our staff. Our professional staff has provided structural engineering services to a wide variety of clients including architects, engineers, government agencies, and insurance and legal firms. Our extensive list of projects consists primarily of high-end residential homes, ranch projects, commercial buildings and bridges. In addition to the conventional structures designed with concrete, masonry, steel and wood, Bridger Engineers has extensive experience in developing unique structural solutions for the highest challenges and constraints of the modern, cutting-edge architectural designs of today.

Qualifications for the position include a Bachelor's degree in civil engineering with an emphasis in structural engineering. Applicant must either have obtained their Master's degree in structural engineering or be working towards their degree. Working knowledge of Microsoft Office programs required. Experience with AutoCAD and/or Revit software preferred but not required. The position involves a variety of tasks such as design, producing construction plans, performing construction inspections and reports. Applicant will work under the direction of one of the principals. Must be self-motivated and detail-oriented to provide efficient time management and produce high quality work. Applicant must be dedicated to advancing their knowledge and skill set of drafting and modeling software to produce their own plan sets.

Bridger Engineers, Inc. is an equal opportunity employer offering a comprehensive benefit package for full-time employees including health and dental insurance, paid vacation, sick and holidays, and a Simple IRA retirement plan. To apply, please send resume or inquires to [info@bridgerengineers.com](mailto:info@bridgerengineers.com).
