

My name is Paige Tolleson, and I am the Program and Communications Manager at the Institute on Ecosystems and Office of Sustainability. In April we will be hosting MSU's first ever Sustainability Summit. I would greatly appreciate it if you could utilize your communication channels to help us advertise this event! Feel free to use the text below in department newsletters, D2L pages, and directly to students.

[MSU Sustainability Summit](#)

April 18th 5:00pm-7:30pm Inspiration Hall, **April 19th 9:30am-1:00pm** Inspiration Hall, Norm Asbjornson and **1:10-5:00pm** Cruzado Auditorium, Romney Hall.

MSU's Sustainability Summit will host a variety of activities including:

- Presentation from keynote speaker, Chad Pregracke on his work to clean up the Mississippi River
- Student Sustainability Research Poster Session
- Updates on MSU's carbon neutrality goals
- Tours of MSU's utility tunnels and energy services
- Sustainability Shorts— PK style talks from students
- Free Lunch

If you plan to attend any portion of the summit please [register here](#).

We would like to invite any of your students who have conducted research in any field of sustainability to present their work at the Summit. The poster session will take place on April 19th from 9:30am-11:30am. Please visit our [website](#) to learn more about poster criteria and submission.

If you or your students have any questions please contact me at paige.tolleson@montana.edu.

Thank you,
Paige Tolleson
